GITA VISION

To foster prosperity through technological advancement by promoting education, innovation, and collaborative research, and to emerge as a globally renowned premier technical institution.

GITA MISSION

- To impart high-quality professional education to students worldwide, fostering innovation, technological advancement, discipline, effective communication skills, and strong moral values.
- To provide a broad-based education that ensures the holistic development of students.
- To leverage expertise in science, technology, and management to deliver comprehensive training in visualizing, synthesizing, and executing projects.
- To nurture a spirit of entrepreneurship and innovation among students.
- To undertake sponsored research and offer consultancy services in industrial, educational, and other socially relevant domains.
- To promote healthy practices such as community service, outreach initiatives, and innovative projects for societal benefit.

MCA VISION

We are committed to promote excellence in education for a vibrant and inclusive society through knowledge creation and dissemination to establish a unique identity of GITA, Bhubaneswar by development of high quality technical manpower and technological resources.

MCA MISSION

- To train & transform its students and faculty into well trained and highly motivated engineers, scientists, technologists who become knowledge makers as well as knowledge users for contributing to nation building with high degree of professional excellence with an exemplary character.
- To impart quality professional education to the students all over India, so as to nurture innovations, technological advances, discipline, moral ethics etc., to usher in development and prosperity in our country.
- To draw the best expertise in science, technology and management to impart overall training to students in visualizing, synthesizing, and executing projects.
- To draw the best expertise in science, technology and management to impart overall training to students in visualizing, synthesizing and executing projects.
- To incubate a spirit of entrepreneurship and innovation in our students.

HEAD OF THE DEPARTMENT

Dr. Mamata Rath
HoD, MCA

It gives me immense pleasure to present this edition of our college E-Newsletter, which reflects the creativity, achievements, and intellectual spirit of our students and faculty members. The Master of Computer Applications (MCA) Department is committed to fostering academic excellence, innovation, and professional competence in the rapidly evolving field of Information Technology. Through a blend of rigorous curriculum, hands-on learning, industry-oriented projects, research activities, and skill development programs, we strive to prepare our students to meet the challenges of the digital era. The accomplishments highlighted in this magazine are a testament to the dedication, hard work, and collaborative efforts of our academic community. I congratulate all the editors and contributors for their valuable efforts and inspire our students to continue exploring new ideas, embracing lifelong learning, and upholding the values of integrity, innovation, and social responsibility. I wish the readers an enriching and inspiring experience through this publication.

Notable placement

Ms. Rekharani Subudhi

Department Overview

The department of MCA was established in 2008 with the approval of AICTE and got accredited by BPUT. The department has got a strong foundation and amenities for students. We have a fine blend of dynamic and experienced faculties who provide quality education to our PG students. The department focuses on the analytical ability of the students. The curriculum is framed in a manner that the students are made strong enough in the basic concepts of computer science and applications. The MCA program focuses on training students in the fields of Application Software Development, Data Science, Mobile application development, Business Analytics, Social Media Analytics, and Machine Learning etc. The program also nurtures competent professionals through real-world projects, thereby supporting continuous learning. The Department of Computer Applications is approved by Biju Patnaik University of Technology (BPUT), Odisha), and is affiliated to All India Council for Technical Education (AICTE. GITA Autonomous College is also one of the handfuls of college awarded NAAC A+ grade.
