

GITA Autonomous College, Bhubaneswar  
SELF ASSESSMENT REPORT (TIER - I) FOR Electronics & Communication Engineering

## Part A : Institutional Information

1. Name and Address of the Institution  
 GITS-Institute of College, Engineering,  
 IT - Subargudi Road PT - Madhavu 3A - Andhra Pradesh

2. Name and Address of Affiliated University

3. Name of establishment of the Institution  
 GITS

4. Type of the Institution:

5. Status of National Institution  
 University  
 Deemed University  
 Autonomous  
 Any other (please specify)

6. Ownership Status:

Central Government  
 State Government  
 Government of India  
 Self Financing  
 Trust  
 Society  
 Section 29 Company  
 Any Other (Please Specify)

7. Other Academic Institutions of the Trust/Society/Company etc., if any

Name of Institution

Year of Establishment

Programs of Study

Location

Country/Codes

7. Details of all the programs being offered by the Institution under consideration:

| Name of Program                                     | Program Applied level | Year of year | Year of AICTE approval | Initial intake | Intake increase | Current Intake | Accreditation status           | Eligible for accreditation | From | To | Program for consideration | Program for Duration |
|---|-----------------------|--------------|------------------------|----------------|-----------------|----------------|--------------------------------|----------------------------|------|----|---------------------------|----------------------|
| M.Tech in VLSI Design                               | PG                    | 2023         | 2023                   | 10             | Yes             | 10             | Not eligible for accreditation | -                          | -    | -  | -                         | 2                    |
| M.Tech in Analytical Communications Technology      | PG                    | 2024         | 2024                   | 10             | Yes             | 10             | Not eligible for accreditation | -                          | -    | -  | -                         | 3                    |

| 2025-24   |                       |              |                        | 40             |                 |                |                                |                            |      |    |                           |                      |
| 2026-23   |                       |              |                        | 40             |                 |                |                                |                            |      |    |                           |                      |
| 2027-22   |                       |              |                        | 40             |                 |                |                                |                            |      |    |                           |                      |
| 2028-21   |                       |              |                        | 40             |                 |                |                                |                            |      |    |                           |                      |
| 2029-20   |                       |              |                        | 40             |                 |                |                                |                            |      |    |                           |                      |
| 2030-19   |                       |              |                        | 40             |                 |                |                                |                            |      |    |                           |                      |

8. Programs to be considered for Accreditation under this application:

| S.No. | Level          | Description              | Program                                |
|-------|----------------|--------------------------|--|
| 1     | Under Graduate | Engineering & Technology | Cell Engineering                       |
| 2     | Under Graduate | Engineering & Technology | Software Engineering                   |
| 3     | Under Graduate | Engineering & Technology | Biomedical & Computational Engineering |
| 4     | Under Graduate | Engineering & Technology | Mechanical Engineering                 |
| 5     | Under Graduate | Engineering & Technology | Computer Science and Engineering       |

8. Total number of employees

A. Under Expenses of Faculty and Staff:

| Item #   | 2024-25 |      | 2023-24 |      | 2022-23 |      |
|--|---------|------|---------|------|---------|------|
|  | MM      | MALE | MM      | MALE | MM      | MALE |
| Faculty in Engineering (Male)  | 133     | 154  | 149     | 133  | 142     | 136  |
| Faculty in Engineering (Female)  | 35      | 35   | 48      | 52   | 45      | 42   |
| Faculty in Math, Science & Humanities teaching in engineering program (Male)   | 33      | 34   | 33      | 32   | 31      | 32   |
| Faculty in Math, Science & Humanities teaching in engineering program (Female) | 16      | 17   | 18      | 18   | 16      | 16   |
| Non-teaching staff (Male)  | 222     | 222  | 222     | 222  | 222     | 222  |
| Non-teaching staff (Female)  | 24      | 24   | 24      | 24   | 24      | 24   |

B. Contractor Employees (Faculty and Staff)

| Item #   | 2024-25 |      | 2023-24 |      | 2022-23 |      |
|--|---------|------|---------|------|---------|------|
|  | MM      | MALE | MM      | MALE | MM      | MALE |
| Faculty in Engineering (Male)  | 0       | 0    | 0       | 0    | 0       | 0    |
| Faculty in Engineering (Female)  | 0       | 0    | 0       | 0    | 0       | 0    |
| Faculty in Math, Science & Humanities teaching in engineering program (Male)   | 0       | 0    | 0       | 0    | 0       | 0    |
| Faculty in Math, Science & Humanities teaching in engineering program (Female) | 0       | 0    | 0       | 0    | 0       | 0    |
| Non-teaching staff (Male)  | 0       | 0    | 0       | 0    | 0       | 0    |
| Non-teaching staff (Female)  | 0       | 0    | 0       | 0    | 0       | 0    |

10. Total number of Engineering students:

| Engineering and Technology-UE         | SE | DAE |
|---------------------------------------|----|-----|
| Engineering and Technology-PO         | SE | DAE |
| Engineering and Technology-PA/Phd/MS  | SE | DAE |
| MCA                                   | SE | DAE |
| Engineering and Technology-UG 2024-25 | SE | DAE |

| Course Name       | 2024-25 | 2023-24 | 2022-23 |
|-------------------|---------|---------|---------|
| Students of Boys  | 2807    | 1900    | 1885    |
| Students of Girls | 2176    | 1625    | 1528    |
| Total #130        | 5033    | 3525    | 3413    |

Engineering and Technology- PG Male/1

| Course Name       | 2024-25 | 2023-24 | 2022-23 |
|-------------------|---------|---------|---------|
| Students of Boys  | 82      | 84      | 82      |
| Students of Girls | 129     | 177     | 82      |
| Total 228         | 341     | 361     | 164     |

Engineering and Technology- MCA Girls/1

| Course Name       | 2024-25 | 2023-24 | 2022-23 |
|-------------------|---------|---------|---------|
| Students of Boys  | 108     | 140     | 201     |
| Students of Girls | 162     | 170     | 168     |
| Total 324         | 398     | 388     | 369     |

Engineering and Technology- MCA Male/1

| Course Name       | 2024-25 | 2023-24 | 2022-23 |
|-------------------|---------|---------|---------|
| Students of Boys  | 100     | 145     | 170     |
| Students of Girls | 271     | 170     | 122     |
| Total 418         | 488     | 388     | 292     |

11. Value of Expenditure:

To incur necessary expenditure for academic, research, innovation, and administrative matters with a view to a steady financial growth and development.

12. Mission of the Institute:

- To impart high quality professional education to students worldwide, fostering innovation, technological advancement, discipline, ethics, communication skills, and strong team values.
- To provide a transdisciplinary education that focuses on holistic development of students.
- To engage students in culture, technology, and entrepreneurship through experiential learning, internships, and research projects.
- To provide a platform for students to showcase their talents and skills through various competitions and events.
- To provide quality education to students through innovative teaching, learning, and assessment methods.
- To provide quality education to students through innovative teaching, learning, and assessment methods.

15. Contact Information of the Head of the Institution or NDA Coordinator, if designated:

| Head of the Institution        |                         |
|--------------------------------|-------------------------|
| Name                           | Dr. Mahesh Kumar Gaid   |
| Designation                    | Principal               |
| Mobile No.                     | 900040000               |
| Email ID                       | mgaid@zoho.in           |
| NDA Coordinator, if Designated |                         |
| Name                           | Dr. Kishor Kumar Shetye |
| Designation                    | Chair Academic          |
| Mobile No.                     | 9803222211              |
| Email ID                       | dr.kishor@zoho.in       |

## PART B: Criteria Summary

| Criteria No. | Criteria  | Total Marks | Percentage Marks |
|--------------|---|-------------|------------------|
| 1            | VISION, MISSION AND PROGRAM EDUCATIONAL OBJECTIVES        | 30          | 30.00            |
| 2            | PROGRAM CURRICULUM AND TEACHING - LEARNING PROCESSES      | 100         | 100.00           |
| 3            | COURSE OUTCOMES AND PROGRAM OUTCOMES                      | 110         | 110.00           |
| 4            | STUDENT'S PERFORMANCE                                     | 100         | 100.00           |
| 5            | FACULTY INFORMATION AND CONTRIBUTION                      | 100         | 100.00           |

| 7            | CONTINUOUS IMPROVEMENT                                    | 75          | 75.00            |
| 8            | FIRST YEAR ASSURANCE                                      | 50          | 47.62            |
| 9            | STUDENT SUPPORT SYSTEMS                                   | 50          | 50.00            |
| 10           | GOVERNANCE, INSTITUTIONAL SUPPORT AND FINANCIAL RESOURCES | 100         | 100.00           |
|              | <b>Total</b>  | <b>1000</b> | <b>973</b>       |

## Part B : Criteria Summary

### I. MISSION, MISSION AND PROGRAM EDUCATIONAL OBJECTIVES (MEO)

#### 1.1 State the Mission and Mission of the Department and Institute (3)

|                           |  |
|---------------------------|--|
| Vision of the Institute   | To have students through multidisciplinary education by providing education, research, and collaborative research, with a view to a globally recognized premier technical institution.   |
| Mission of the Institute  | <ol style="list-style-type: none"> <li>To impart high quality professional education to students worldwide, fostering innovation, technological advancement, thought, effective communication skills, and strong professional.</li> <li>To provide broad-based education that ensures the holistic development of students.</li> <li>To provide quality education that ensures the holistic development of students.</li> <li>To achieve a high level of internationalization through research, teaching, and learning projects.</li> <li>To establish regional, national and international centers of excellence in research, education, and other related domains.</li> <li>To provide quality education to all students, without discrimination, and ensure related domains.</li> </ol> |
| Vision of the Department  | To become a department of national and international repute by applying the latest available in the field of electronics and communication, research and development as well as implementing values in building engineers, thereby laying a strong foundation for worldwide the work.  |
| Mission of the Department | <p><b>Mission No. - Mission Statements</b></p> <p>M1 1. To offer quality education to all to enable students to complete their career globally.</p> <p>M2 2. To provide excellent quality education through which students' abilities would be honed in order to meet requirements.</p> <p>M3 3. To offer personal and professional career assistance to all students to ensure their success in their professional careers.</p> <p>M4 4. To ensure excellence in achieving the educational and knowledge objectives as well as requirements.</p> <p>M5 5. To impart high quality education by becoming a center of excellence leading to the generation and dissemination of knowledge in the field of electronics and communication.</p>   |

#### 1.2 State the Program Educational Objectives (PEOs) (5)

|  |
|--|
| <b>PEO No. - Program Educational Objectives Statements</b>   |
| PEO1 1. Our graduates will apply their knowledge and skills to succeed in an electronic and communication engineering career either within an established organization.  |
| PEO2 2. Our graduates will apply their knowledge and skills to contribute to the growth and development of the organization and society to successfully complete business and/or software related engineering projects to meet customer business objectives and/or productivity targets in industry. |
| PEO3 3. Our graduates will function ethically, responsibly and will remain abreast of their discipline's developments through their professional careers.  |
| PEO4 4. Our graduates will successfully continue a self-improvement process.   |
| PEO5 5. Our graduates will be able to perform competently in a cross-cultural environment and collaboratively with a global, multicultural and cross-functional workforce.   |

#### 1.3 Indicate where the Vision, Mission and PEOs are patterned and demonstrated among stakeholders (10)

The Vision and Mission of the Department of Electronics and Communication Engineering are patterned after the general objectives of institutions within the field of Electronics and Communication Engineering. The Vision and Mission of the Department of Electronics and Communication Engineering are patterned after the general objectives of institutions within the field of Electronics and Communication Engineering. The Vision and Mission of the Department of Electronics and Communication Engineering are patterned after the general objectives of institutions within the field of Electronics and Communication Engineering.

| Stakeholders         | Vision |   | Mission |   | PEOs |   |
|----------------------|--------|---|---------|---|------|---|
|                      | Y      | N | Y       | N | Y    | N |
| Academic leaders     | Y      | Y | Y       | Y | Y    | Y |
| Administrative staff | Y      | Y | Y       | Y | Y    | Y |

#### 1.4 State the process for defining the Vision and Mission of the Department and PEOs of the program (10)

The Department advisory board (DAB) contributed to the development of the Department's Vision, Mission and PEOs. The Vision and Mission of the Institution is given as a reference for the preparation of Vision and Mission of the Department. The Vision and Mission of the Institution is given as a reference for the preparation of Vision and Mission of the Department. In this regard, the DAB reviewed the reading of all the stakeholders regularly and various suggestions about the Vision/Mission/PEOs from them. The DAB gives through the suggestions from various stakeholders and builds the Vision, Mission and PEOs which is in synchronization with the Vision and Mission of the Institution. While building the Vision/Mission/PEOs, it is important that it meets the requirement for award goals of the Department and requirement of the faculty. Then the Vision/Mission/PEOs are widely circulated among various related and related stakeholders for their awareness.

The Department Advisory Board (DAB) followed the steps below for preparing the Vision and Mission of the Department of Electronics and Communication Engineering.

1. The Vision and Mission of the institution is taken as a reference while preparing the Vision and Mission of the Department.
2. Suggestions and Feedbacks are received from internal as well as external stakeholders by the DAB.
3. Brainstorming on various suggestions and feedbacks received from different stakeholders is done by members of the DAB.
4. The DAB prepares a draft Vision and Mission of the Department and sends it to the IQAC for their approval from the head of the Department.
5. The IQAC gives through the proposed Vision and Mission of the Department and suggest the changes if needed. Then the proposed Vision and Mission of the Department is sent to the governing body for their approval.
6. The approved Vision and Mission of the Department is widely circulated for their awareness among all the stakeholders.

The process for building the Vision and Mission of the Institution is shown as illustrated in Fig.1.

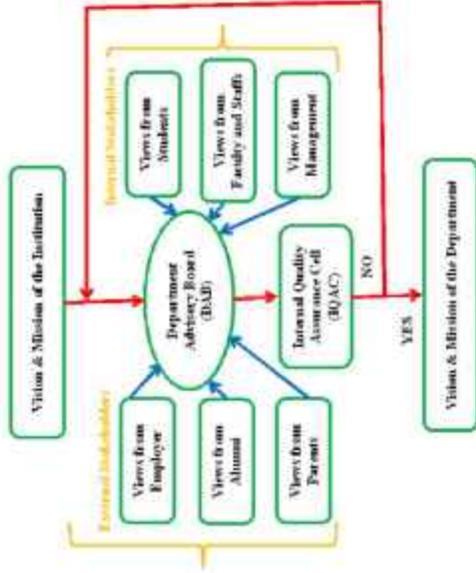

Fig.1.1: The process for building the Vision and Mission of the Department

The Department Advisory Board (DAB) followed the steps below for preparing the Department's Vision, Mission and PEOs. The Vision and Mission of the Institution is given as a reference for the preparation of Vision and Mission of the Department. The Vision and Mission of the Institution is given as a reference for the preparation of Vision and Mission of the Department. In this regard, the DAB reviewed the reading of all the stakeholders regularly and various suggestions about the Vision/Mission/PEOs from them. The DAB gives through the suggestions from various stakeholders and builds the Vision, Mission and PEOs which is in synchronization with the Vision and Mission of the Institution. While building the Vision/Mission/PEOs, it is important that it meets the requirement for award goals of the Department and requirement of the faculty. Then the Vision/Mission/PEOs are widely circulated among various related and related stakeholders for their awareness.

The Department Advisory Board (DAB) followed the steps below for preparing the Vision and Mission of the Department of Electronics and Communication Engineering.

1. The Vision and Mission of the institution is taken as a reference while preparing the Vision and Mission of the Department.
2. Suggestions and Feedbacks are received from internal as well as external stakeholders by the DAB.
3. Brainstorming on various suggestions and feedbacks received from different stakeholders is done by members of the DAB.
4. The DAB prepares a draft Vision and Mission of the Department and sends it to the IQAC for their approval from the head of the Department.
5. The IQAC gives through the proposed Vision and Mission of the Department and suggest the changes if needed. Then the proposed Vision and Mission of the Department is sent to the governing body for their approval.
6. The approved Vision and Mission of the Department is widely circulated for their awareness among all the stakeholders.

The process for building the Vision and Mission of the Institution is shown as illustrated in Fig.1.

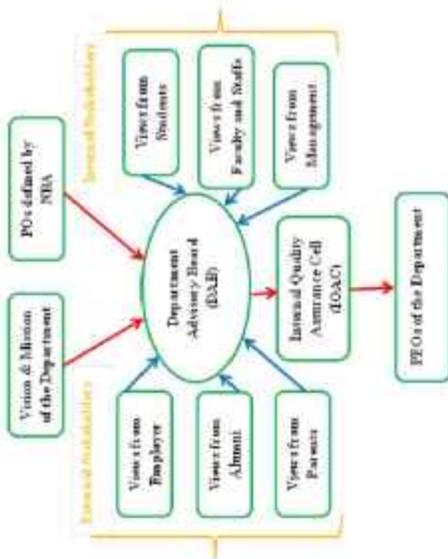

Fig. 1.2 The process for adding the PEO of the Department

Justification

| PEO   | Outcome | Assessment   |
|-------|---------|--|
| PEO 1 | M1      | Our graduates will be able to complete consistently through functional knowledge and skill.  |
|       | M2      | With the help of quality instruction in terms of the basic skill problems are able to perform creative solutions to the development of society.  |
|       | M3      | Faculty will be well-versed in the graduate through their various areas of interest which will be judged with the help of functional skills and knowledge.                                 |
|       | M4      | Basic knowledge and skill of the graduates through the understanding of both theory and practice at several levels.  |
|       | M5      | Students will possess and create a new knowledge with the help of functional knowledge and skill.  |
|       | M6      | Graduates will be conceptually, globally, and find their education with the help of basic principles and practice.   |
| PEO 2 | M1      | Graduates will be someone of universal interest values by having the business objectives.  |
|       | M2      | The professional education will be referred to by our graduates by engaging through continuous education.  |
|       | M3      | With the help of basic principles and practice of knowledge related to business and software, graduates will be able to work in various areas like in the field of science and technology. |
|       | M4      | Quality education in terms of responsibility and ethics leads to complete sustainability and advancing their own profession.   |
|       | M5      | Responsibility of the graduates should create a value addition as per the need of society.   |
|       | M6      | Faculty focuses on defining more dimensions of the environment which leads to the development of society.  |
| PEO 3 | M1      | Development of profession would refer to the professional related tasks which would help our graduates by developing the society.  |
|       | M2      | The development of the professional know graduates will be creating knowledge for the societies in the field of electronics and computer engineering.                                      |
|       | M3      | Graduates will gain knowledge through excellent education which helps them to be best men in a multidisciplinary environment.  |
|       | M4      | Students work in a multidisciplinary environment that creates knowledge ideas for societal development.  |
|       | M5      | Working with multidisciplinary would produce a creative solution that will be useful for society.  |
|       | M6      | Graduates working with multidisciplinary teams could be successful in the professional ethical code.   |
| PEO 4 | M1      | Successfully working with multidisciplinary team would allow to graduates to work in a multidisciplinary environment in electronics and computer engineering.                              |
|       | M2      | Working in a multidisciplinary environment would help our graduates to acquire interdisciplinary.  |
|       | M3      | Graduates having ethical and social behavior would be able to society with respect to the determination of right and wrong levels of the society.  |
|       | M4      | Graduates with strong ethical values will be able to address the needs of the society.   |
|       | M5      | Working in a multidisciplinary environment may address the ethical code that graduates which is necessary for society.   |
|       | M6      | Graduates working in a multidisciplinary team would be creating a sense of evidence in the field of Electronics and Computer Engineering.  |

Assessment & Rubric:

- Comprehensive Knowledge & Career Readiness: This section aims to help students using functional knowledge and technical skill, needed for professional careers at advanced studies.
- Practical Application & Research Competency: The emphasis on high-quality education, social needs, and knowledge assessment connects with PEO 1 & PEO 3, ensuring students can effectively apply theoretical and practical knowledge.
- Ethical & Social Responsibility: This section explains an moral and value-based education aligns with PEO 1, PEO 4, and PEO 5, encouraging ethical behavior and responsibility in professional environments.
- Teamwork & Global Readiness: PEO 4 is supported through the inclusion of ethics, development, working practices, consistent in working collaboratively across disciplines.
- Global Competency & Diversity: This section emphasizes ethics of students are interdisciplinary in nature, successfully in a global professional environment, thereby supporting PEO 1.

The chapter continues with the course of the Department of Electronics and Communications Engineering fully supports PEOs, including a well-structured engineering education that prepares its students for success in their careers, research, and society.

| PRO Statements   | MP | MT | WJ | MA | MS |
|--|----|----|----|----|----|
| 1. Our graduates will apply their knowledge and skills to succeed in an advanced and competitive engineering career and/or other areas of advanced study.  | 3  | 3  | 3  | 3  | 3  |
| 2. Our graduates will apply basic principles and practices of consulting processes in engineering and science to successfully complete business and/or customer value engineering projects in manufacturing, business operations and/or professional settings. | 3  | 3  | 3  | 3  | 3  |
| 3. Our graduates will, upon entry into the workforce, demonstrate their ability to effectively contribute to the performance of their profession.  | 3  | 3  | 3  | 3  | 3  |
| 4. Our graduates will successfully function in multi-disciplinary teams.   | 3  | 3  | 3  | 3  | 3  |
| 5. Our graduates will be able to perform competently in a dynamic environment and interactively with a global, diverse, and multicultural context with self and team members.  | 3  | 3  | 3  | 3  | 3  |

### 3 PROGRAM CURRICULUM AND TEACHING - LEARNING PROCESSES (100)

3-1 Program Catalogue, LLC

#### Board of Governors

The system of Board of Governors is based on the concept of management of the bank as a whole. It includes representatives of various stakeholders, including members, public stakeholders, workers, members, public stakeholders, etc. It is responsible for the overall management of the bank and approval of new programs for the future.

#### 3.1.2 Structure of the Corporation

| ID | Course Code | Course Title                              | Credits (L) | Theory (T) | Practical (P) | Total Hours | Practical (%) | Practical Credits |

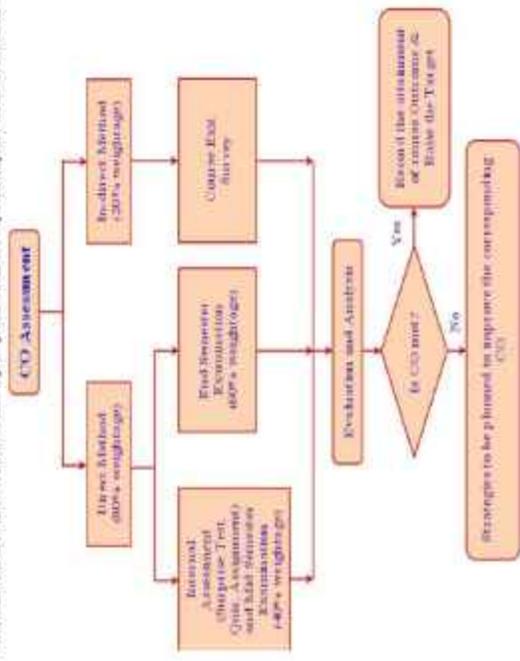

Figure 2.1.4: Process to observe the degree of alumni's attitude toward a main course subject.

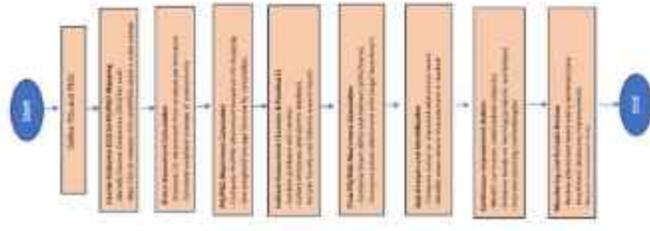

Figure 2.1.4: Process to observe the degree of alumni's attitude toward a main course subject.

|   |
|---|
| <p><b>PO 1:</b> Engineering knowledge: Apply the knowledge of mathematics, science, and engineering fundamentals to solve problems in the subject of circuits and systems.</p> <p><b>PO 2:</b> Problem analysis: Identify, formulate, research literature, and analyze engineering problems (including multidisciplinary issues) to develop feasible solutions, conduct laboratory and engineering software.</p> <p><b>PO 3:</b> Design/Development of Solutions: Design solutions to complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for public health, safety, and cultural, social, and environmental considerations.</p> <p><b>PO 4:</b> Conduct investigations of complex problems. Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.</p> <p><b>PO 5:</b> Modern tool usage: Create, select, and apply appropriate software, computers, and modern engineering tools (including problem solving) to complex engineering activities with an understanding of the limitations.</p> <p><b>PO 6:</b> The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.</p> <p><b>PO 7:</b> Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and the need for, sustainable development.</p> <p><b>PO 8:</b> Ethics: Apply ethical and professional principles to defend ethical and professional decisions and actions.</p> <p><b>PO 9:</b> Individual and team work: Function effectively as an individual and as a member of teams in diverse teams, settings (multidisciplinary) settings.</p> <p><b>PO 10:</b> Communication: Communicate effectively to conduct engineering activities within the program (by reports and with the faculty of staff, work on being able to comprehend and write effective reports and design documents, make effective presentations, and give and receive clear instructions).</p> <p><b>PO 11:</b> Project management and finance: Demonstrate knowledge and understanding of the engineering and management practices and apply these to one's work as a student and leader in a team, to manage projects and/or multi-disciplinary environments.</p> <p><b>PO 12:</b> Life-long learning: Recognize the need for, and take the appropriate and ability to engage in independent and lifelong learning in the broadest context of technological change.</p> |
|---|

**PROGRAM SPECIFIC OUTCOME (PSO)**

|   |
|---|
| <p><b>PSO 1:</b> Graduates will be able to understand the concepts of Electronics &amp; Communication Engineering and their associated technologies, measure, analyze, simulate systems, communication systems.</p> <p><b>PSO 2:</b> Graduates will be able to apply technical knowledge and skills of various systems &amp; software tools related to communication engineering for solving real world problems.</p> <p><b>PSO 3:</b> Graduates will be able to analyze, compare and design &amp; develop various communication systems and their associated applications.</p> <p><b>PSO 4:</b> Graduates will be able to apply their knowledge in the field of communication systems and their associated applications.</p> |
|---|

**Process used to identify extent of compliance for achieving POs and PSOs**

- Step 1: Program is broken and related is approved to those of them and the assessment of the program are related to those by internal and external members.
- Step 2: All courses of the program are mapped with the POs and PSOs along with the level of contribution ( from 1 provided level 2 High).
- Step 3: The assessment of the PSOs are adequately assessed by the course being taught and each course is mapped to a high correlation level with without each PO. If also assessed that all POs/PSOs have high correlation with adequate number of courses.
- Step 4: In the final curriculum work of the POs/PSOs is mapped with the program with good members.
- Step 5: Feedback from students, Parents, Faculties, Industry and Alumni are taken for self-assessment. Reports about and related assessment. POs and PSOs are established.

**PROCESS OF SELF ANALYSIS**

This analysis is affiliated to Sri. Pottas University of Technology (SPTUT), Ooty. The course structure of Electrical Engineering department has been approved by the university. Following is the process used to identify extent of compliance of a variety of structure for attaining the POs and PSOs.

- Identify Course Outcomes for each subject
- Map each Course Outcome with POs and PSOs
- The COs are assigned to the tasks of the CO attainment of individual courses
- The COs are classified in the Departmental Academic Committee (DAC) meeting and the content based on the content based on the syllabus is prepared accordingly to bridge the gap. These contents are addressed to the relevant faculty members/lecturers.

| Sl. No. | Course | Academic Year | Course/Topic/Year | Qualifier | % of attainment | Remarks  |
|---------|--------|---------------|-------------------|-----------|-----------------|--|
|         |        |               |                   |           |                 | Personnel with relevant POs/PSOs                                   |
|         |        |               |                   |           |                 | In this  |

3.2 Teaching/Learning Processes (7)

**Appendix to Academic Calendar**

The college calendar of events is revised from the BGV university calendar, revised to fit the college's needs. The academic calendar, revised to fit the college's needs, is published on the college website for transparency. The program of academic coverage is available to all students. The academic calendar is published on the college website. This document is approved by the Board of Trustees. The Board of Trustees is responsible for having a subject matter expert review the calendar to ensure it is published on the college website.

**2023-2024 Academic Calendar**

For the semester of 2023-2024

| Event                      | Date              | Notes |
|----------------------------|-------------------|-------|
| 1. Fall Semester Begins    | August 28, 2023   |       |
| 2. Fall Semester Ends      | December 15, 2023 |       |
| 3. Spring Semester Begins  | January 8, 2024   |       |
| 4. Spring Semester Ends    | May 3, 2024       |       |
| 5. Summer Semester Begins  | May 20, 2024      |       |
| 6. Summer Semester Ends    | August 12, 2024   |       |
| 7. Fall Semester Begins    | August 28, 2024   |       |
| 8. Fall Semester Ends      | December 15, 2024 |       |
| 9. Spring Semester Begins  | January 8, 2025   |       |
| 10. Spring Semester Ends   | May 3, 2025       |       |
| 11. Summer Semester Begins | May 20, 2025      |       |
| 12. Summer Semester Ends   | August 12, 2025   |       |

| 12. Summer Semester Ends   | August 12, 2025   |       |

Revision of Course Plan

|    |   |                          |                          |                          |                          |                          |                          |
|----|---|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| 1  | Clarity of course objectives and learning outcomes    | <input type="checkbox"/> |
| 2  | Effectiveness of teaching methodology                 | <input type="checkbox"/> |
| 3  | Teacher's knowledge and command over the subject      | <input type="checkbox"/> |
| 4  | Ability to explain concepts with clarity              | <input type="checkbox"/> |
| 5  | Encouragement of student participation and discussion | <input type="checkbox"/> |
| 6  | Use of relevant examples and applications             | <input type="checkbox"/> |
| 7  | Availability of course materials online               | <input type="checkbox"/> |
| 8  | Effectiveness of assignments and evaluations          | <input type="checkbox"/> |
| 9  | Availability and support from the instructor          | <input type="checkbox"/> |
| 10 | Overall effectiveness of the course                   | <input type="checkbox"/> |

**Section C: Suggestions for Improvement**

1. What did you like the most about the course?
2. What improvements would you suggest for the course content or teaching methods?
3. Would the instructor use additional topics or resources to enhance the course?
4. Any other comments or feedback.

Thank you for your valuable feedback. Your input will help us improve the quality of education.

Dear Students,

**MSI Summary**

Identification of projects and allocation of resources to Faculty

**Step 1: Project Selection Process**

1. All faculty members with the appropriate training, status, and program outcomes.
2. Faculty members provide justification on various project goals.
3. Creating the list of potential projects on the action board to present together and encourage enhancements.

**Step 2: Faculty Allocation and Project Coordinator Assignment**

4. Creating a faculty expertise list along with the names of the project coordinators responsible for project management.
5. Division from project management of 15 members and submit an application to the project coordinator, specifying:
  - Group members' names
  - Potential project area

**Step 3: Stakeholder Agreement**

6. The project coordinator provides a list of faculty goals.
7. The coordinator will be asked by the Department (MSI), the project coordinator, judge faculty, gather talent or expertise and support/understanding.

**Step 4: Project Executive Report**

8. Faculty completes a form to present their project work, a project portfolio/whitepaper.

**Step 5: Participation in Submissions & Publications**

9. Members are encouraged to participate in project activities to enhance their knowledge.
10. Faculty complete a form to present their project work, a project portfolio/whitepaper.

**Step 6: Process of monitoring and evaluation**

- Step 1: Stakeholders are asked to carry out a literature survey, independent report
- Step 2: Presentations are made to the steering committee along with working papers and open lists of goals
- Step 3: SteerCo applies for funding through the proper channel
- Step 4: Prepare the MS working paper and final report through the corresponding guide with a focus on the state of evaluation
- Step 5: Include stakeholders from other universities

**Step 6: Report the evaluation findings concerning final assessment**

- Project directors should report the respective grant results once and be subject to an audit by the program they have done in their project that work
- They should submit a report on the progress report analysis and get approved before the respective goals
- See program goals and evaluate the progress of each stakeholder
- The preparation of a report with a focus on the literature survey, independent report
- Prof. Robert J. Potts, Dept of Educational and Professional Studies, Eastern Michigan University
- Prof. Dayle R. Hagan, Department of GSE
- Prof. Dayle R. Hagan, Department of GSE
- Prof. S. Markham

**Distribution of funds for projects**

| MSI No | Performance Indicator                                       | Measurement | Weight (Annual) |
|--------|---|-------------|-----------------|
| 1      | Understanding the business and the operation of the project | 4           | 40              |
| 2      | Performance measurement application                         | 3           | 30              |
| 3      | Methodology   | 4           | 40              |
| 4      | Quality of the research                                     | 4           | 40              |
| 5      | Interpersonal communication                                 | 10          | 100             |
| 6      | Report  | 10          | 100             |
| 7      | Defense   | 10          | 100             |

**MSI No: Name of the project**

| MSI No | Name of the project   | MSI No   | MSI No   |
|--------|---|--|--|
| 1      | Health Monitoring System Using Temperature & Weight Measurement | MSI1, MSI2, MSI3, MSI4, MSI5, MSI6, MSI7, MSI8, MSI9, MSI10, MSI11, MSI12, MSI13, MSI14, MSI15, MSI16, MSI17, MSI18, MSI19, MSI20, MSI21, MSI22, MSI23, MSI24, MSI25, MSI26, MSI27, MSI28, MSI29, MSI30, MSI31, MSI32, MSI33, MSI34, MSI35, MSI36, MSI37, MSI38, MSI39, MSI40, MSI41, MSI42, MSI43, MSI44, MSI45, MSI46, MSI47, MSI48, MSI49, MSI50, MSI51, MSI52, MSI53, MSI54, MSI55, MSI56, MSI57, MSI58, MSI59, MSI60, MSI61, MSI62, MSI63, MSI64, MSI65, MSI66, MSI67, MSI68, MSI69, MSI70, MSI71, MSI72, MSI73, MSI74, MSI75, MSI76, MSI77, MSI78, MSI79, MSI80, MSI81, MSI82, MSI83, MSI84, MSI85, MSI86, MSI87, MSI88, MSI89, MSI90, MSI91, MSI92, MSI93, MSI94, MSI95, MSI96, MSI97, MSI98, MSI99, MSI100 | MSI1, MSI2, MSI3, MSI4, MSI5, MSI6, MSI7, MSI8, MSI9, MSI10, MSI11, MSI12, MSI13, MSI14, MSI15, MSI16, MSI17, MSI18, MSI19, MSI20, MSI21, MSI22, MSI23, MSI24, MSI25, MSI26, MSI27, MSI28, MSI29, MSI30, MSI31, MSI32, MSI33, MSI34, MSI35, MSI36, MSI37, MSI38, MSI39, MSI40, MSI41, MSI42, MSI43, MSI44, MSI45, MSI46, MSI47, MSI48, MSI49, MSI50, MSI51, MSI52, MSI53, MSI54, MSI55, MSI56, MSI57, MSI58, MSI59, MSI60, MSI61, MSI62, MSI63, MSI64, MSI65, MSI66, MSI67, MSI68, MSI69, MSI70, MSI71, MSI72, MSI73, MSI74, MSI75, MSI76, MSI77, MSI78, MSI79, MSI80, MSI81, MSI82, MSI83, MSI84, MSI85, MSI86, MSI87, MSI88, MSI89, MSI90, MSI91, MSI92, MSI93, MSI94, MSI95, MSI96, MSI97, MSI98, MSI99, MSI100 |
| 2      | Autism and IKT based virtual reality system                     | MSI1, MSI2, MSI3, MSI4, MSI5, MSI6, MSI7, MSI8, MSI9, MSI10, MSI11, MSI12, MSI13, MSI14, MSI15, MSI16, MSI17, MSI18, MSI19, MSI20, MSI21, MSI22, MSI23, MSI24, MSI25, MSI26, MSI27, MSI28, MSI29, MSI30, MSI31, MSI32, MSI33, MSI34, MSI35, MSI36, MSI37, MSI38, MSI39, MSI40, MSI41, MSI42, MSI43, MSI44, MSI45, MSI46, MSI47, MSI48, MSI49, MSI50, MSI51, MSI52, MSI53, MSI54, MSI55, MSI56, MSI57, MSI58, MSI59, MSI60, MSI61, MSI62, MSI63, MSI64, MSI65, MSI66, MSI67, MSI68, MSI69, MSI70, MSI71, MSI72, MSI73, MSI74, MSI75, MSI76, MSI77, MSI78, MSI79, MSI80, MSI81, MSI82, MSI83, MSI84, MSI85, MSI86, MSI87, MSI88, MSI89, MSI90, MSI91, MSI92, MSI93, MSI94, MSI95, MSI96, MSI97, MSI98, MSI99, MSI100 | MSI1, MSI2, MSI3, MSI4, MSI5, MSI6, MSI7, MSI8, MSI9, MSI10, MSI11, MSI12, MSI13, MSI14, MSI15, MSI16, MSI17, MSI18, MSI19, MSI20, MSI21, MSI22, MSI23, MSI24, MSI25, MSI26, MSI27, MSI28, MSI29, MSI30, MSI31, MSI32, MSI33, MSI34, MSI35, MSI36, MSI37, MSI38, MSI39, MSI40, MSI41, MSI42, MSI43, MSI44, MSI45, MSI46, MSI47, MSI48, MSI49, MSI50, MSI51, MSI52, MSI53, MSI54, MSI55, MSI56, MSI57, MSI58, MSI59, MSI60, MSI61, MSI62, MSI63, MSI64, MSI65, MSI66, MSI67, MSI68, MSI69, MSI70, MSI71, MSI72, MSI73, MSI74, MSI75, MSI76, MSI77, MSI78, MSI79, MSI80, MSI81, MSI82, MSI83, MSI84, MSI85, MSI86, MSI87, MSI88, MSI89, MSI90, MSI91, MSI92, MSI93, MSI94, MSI95, MSI96, MSI97, MSI98, MSI99, MSI100 |
| 3      | IT Risk Management and Prediction using IoT                     | MSI1, MSI2, MSI3, MSI4, MSI5, MSI6, MSI7, MSI8, MSI9, MSI10, MSI11, MSI12, MSI13, MSI14, MSI15, MSI16, MSI17, MSI18, MSI19, MSI20, MSI21, MSI22, MSI23, MSI24, MSI25, MSI26, MSI27, MSI28, MSI29, MSI30, MSI31, MSI32, MSI33, MSI34, MSI35, MSI36, MSI37, MSI38, MSI39, MSI40, MSI41, MSI42, MSI43, MSI44, MSI45, MSI46, MSI47, MSI48, MSI49, MSI50, MSI51, MSI52, MSI53, MSI54, MSI55, MSI56, MSI57, MSI58, MSI59, MSI60, MSI61, MSI62, MSI63, MSI64, MSI65, MSI66, MSI67, MSI68, MSI69, MSI70, MSI71, MSI72, MSI73, MSI74, MSI75, MSI76, MSI77, MSI78, MSI79, MSI80, MSI81, MSI82, MSI83, MSI84, MSI85, MSI86, MSI87, MSI88, MSI89, MSI90, MSI91, MSI92, MSI93, MSI94, MSI95, MSI96, MSI97, MSI98, MSI99, MSI100 | MSI1, MSI2, MSI3, MSI4, MSI5, MSI6, MSI7, MSI8, MSI9, MSI10, MSI11, MSI12, MSI13, MSI14, MSI15, MSI16, MSI17, MSI18, MSI19, MSI20, MSI21, MSI22, MSI23, MSI24, MSI25, MSI26, MSI27, MSI28, MSI29, MSI30, MSI31, MSI32, MSI33, MSI34, MSI35, MSI36, MSI37, MSI38, MSI39, MSI40, MSI41, MSI42, MSI43, MSI44, MSI45, MSI46, MSI47, MSI48, MSI49, MSI50, MSI51, MSI52, MSI53, MSI54, MSI55, MSI56, MSI57, MSI58, MSI59, MSI60, MSI61, MSI62, MSI63, MSI64, MSI65, MSI66, MSI67, MSI68, MSI69, MSI70, MSI71, MSI72, MSI73, MSI74, MSI75, MSI76, MSI77, MSI78, MSI79, MSI80, MSI81, MSI82, MSI83, MSI84, MSI85, MSI86, MSI87, MSI88, MSI89, MSI90, MSI91, MSI92, MSI93, MSI94, MSI95, MSI96, MSI97, MSI98, MSI99, MSI100 |
| 4      | Smart Energy Hub  | MSI1, MSI2, MSI3, MSI4, MSI5, MSI6, MSI7, MSI8, MSI9, MSI10, MSI11, MSI12, MSI13, MSI14, MSI15, MSI16, MSI17, MSI18, MSI19, MSI20, MSI21, MSI22, MSI23, MSI24, MSI25, MSI26, MSI27, MSI28, MSI29, MSI30, MSI31, MSI32, MSI33, MSI34, MSI35, MSI36, MSI37, MSI38, MSI39, MSI40, MSI41, MSI42, MSI43, MSI44, MSI45, MSI46, MSI47, MSI48, MSI49, MSI50, MSI51, MSI52, MSI53, MSI54, MSI55, MSI56, MSI57, MSI58, MSI59, MSI60, MSI61, MSI62, MSI63, MSI64, MSI65, MSI66, MSI67, MSI68, MSI69, MSI70, MSI71, MSI72, MSI73, MSI74, MSI75, MSI76, MSI77, MSI78, MSI79, MSI80, MSI81, MSI82, MSI83, MSI84, MSI85, MSI86, MSI87, MSI88, MSI89, MSI90, MSI91, MSI92, MSI93, MSI94, MSI95, MSI96, MSI97, MSI98, MSI99, MSI100 | MSI1, MSI2, MSI3, MSI4, MSI5, MSI6, MSI7, MSI8, MSI9, MSI10, MSI11, MSI12, MSI13, MSI14, MSI15, MSI16, MSI17, MSI18, MSI19, MSI20, MSI21, MSI22, MSI23, MSI24, MSI25, MSI26, MSI27, MSI28, MSI29, MSI30, MSI31, MSI32, MSI33, MSI34, MSI35, MSI36, MSI37, MSI38, MSI39, MSI40, MSI41, MSI42, MSI43, MSI44, MSI45, MSI46, MSI47, MSI48, MSI49, MSI50, MSI51, MSI52, MSI53, MSI54, MSI55, MSI56, MSI57, MSI58, MSI59, MSI60, MSI61, MSI62, MSI63, MSI64, MSI65, MSI66, MSI67, MSI68, MSI69, MSI70, MSI71, MSI72, MSI73, MSI74, MSI75, MSI76, MSI77, MSI78, MSI79, MSI80, MSI81, MSI82, MSI83, MSI84, MSI85, MSI86, MSI87, MSI88, MSI89, MSI90, MSI91, MSI92, MSI93, MSI94, MSI95, MSI96, MSI97, MSI98, MSI99, MSI100 |

**PROJECT DETAILS**

**Industry specific laboratories :**

- To meet industry requirements and improve ECE students in real-world challenges, several specializations have been established. These labs provide hands-on, faculty-paced training using the latest technological tools, serve as virtual-proposed labs for ECE students.
  - VLSI Design Lab** – Focused on designing and simulating combinational, sequential, and FPGA designs.
  - Micro AI Project Lab** – Focuses on projects such as image classification, natural language processing, and machine learning applications.
  - Digital Signal Processing Lab** – Equipped to train students in digital signal processing (DSP) techniques and real-time applications by MATLAB.
  - Microprocessor and Microcontroller Lab** – Outlined to cover design, implementation, and testing using industry-relevant hardware.

Industry involvement in the program design and curriculum :

INDO's are often with different industries to complete an internship, student training, and faculty training etc. The list of INDOS are given in different sections as mentioned below.

| Sr. | Company Name                   | Program   |
|-----|--------------------------------|---|
| 01  | Genetics Information Pvt. Ltd. | Internship, Student Training, Faculty Development |
| 02  | Neuro Analytics Pvt. Ltd.      | Internship, Student Training, Faculty Development |
| 03  | SAI Soft Technology Pvt. Ltd.  | Internship, Student Training, Faculty Development |
| 04  | Analytics Pvt. Ltd.            | Internship, Student Training, Faculty Development |

**Impact analysis of industry-institute interaction and action taken :**

- More innovative ideas are being for project work.
- Skills in abilities of students increased.
- Knowledge of various aspects of tasks used developed.
- The confidence level of the students was boosted in various interview.
- Improved team work spirit.
- Employment preparation and awareness.
- More attendance in projects their project work, in project addresses were also made.

**Feedback form**

| Sl. | Year    | Industry visit details | Date of visit |
|-----|---------|------------------------|---------------|
| 1   | 2023-24 | GENETICS INFORMATION   | 15.03.24      |
| 2   | 2023-24 | NEURO ANALYTICS        | 16.04.24      |
| 3   | 2023-24 | SAI SOFT TECHNOLOGY    | 16.04.24      |

Recording faculty members, the faculty members in a guide program to give students practical experience in a particular field. Students can learn and experience the use of technology through these workshops.

HACIATHIR, The Department of Chemicals and Materials Engineering participated in the annual Southside Hackathon-2024 on 01, 02, 03, 2024 and 04, 05, 2024. Several key learnings, standard and professional bus routes through the project. Their learnings included how strong their IT skills to make their projects on the 9th floor.

2.2.8 Activities related to capacity enhancement training (17)

Note : Number of Outcomes for a Course is expected to be around 5.

Course Name :      C2.04      Course Year :      2021-2022

**Course Name**

C2.04.1      Students will understand the importance of VLSI being a wide area technology and have methods to review their study.

C2.04.2      Students will gain broader knowledge of the technology, including conceptualization of different types of Full Chip Transistors, PMOS and NMOS and their functional knowledge of CMOS technology and its role in the design of business, high-speed integrated circuits.

C2.04.3      Students will gain detailed knowledge of manufacturing for ICs and PCBs, including their materials, design software and their methods and applications of their materials (PLI) and related processes (PI) in a single job, including making PCB with topology sensitive.

C2.04.4      Students will learn the ideal characteristics of operational amplifiers and compare them with practical opamps. Students will design and analyze differential and instrumentation amplifiers for high-precision measurement systems.

C2.04.5      Students will understand the operation and design principles of hybrid and BiCMOS technology, identifying their high-frequency capabilities in communication systems and Students will evaluate their performance in feedback and multi-stage circuits.

**Course Name**

C2.05      Course Year :      2021-2022

**Course Name**

C2.05.1      Students familiar with various number systems, codes and Boolean algebra.

C2.05.2      Design and analyze combinational logic circuits.

C2.05.3      Design and analyze various sequential logic circuits and its hardware and circuit design.

C2.05.4      Design, analysis and implementation memory array using sequential networks for digital logic. It investigate performance of CMOS based logic circuits in various VLSI technology.

C2.05.5      The skills are synthesized to solve digital circuit using VLSI, it involves alternative such as ASIC, Verilog HDL gates etc., /FPGA with FPGA.

**Course Name**

C2.06      Course Year :      2021-2022

**Course Name**

C2.06.1      Understanding of VLSI design styles (gate-level, cell-based, and programmable logic) and their trade-offs in real-world applications. Students will understand the importance of hierarchy in VLSI design, helping them structure large-scale digital designs effectively.

C2.06.2      Learn how to analyze, optimize, and verify the correct design implementation of HDL code, and will understand the challenges, techniques, and tools involved in HDL synthesis, including how to use synthesis tools for logic synthesis and how to use synthesis tools for logic synthesis.

C2.06.3      Develop a deep understanding of VLSI system constraints, including their design, verification, and implementation in digital logic design.

C2.06.4      Develop a comprehensive understanding of design principles for high-speed CMOS logic circuits.

C2.06.5      Gain knowledge of cross-layer logic: CMOS technology, gate logic, design of memory, cell, multi-layer and full models when working with design software tools.

**Course Name**

C2.07      Course Year :      2021-2022

**Course Name**

C2.07.1      Analyze business signals in time domain and frequency domain.

C2.07.2      Compare and contrast with analog and digital problems and communication technology.

C2.07.3      Evaluate the performance of multiplexers and its applications in various communication systems.

C2.07.4      Explain the importance of signal modulation in communication systems.

C2.07.5      Able to analyze and design communication systems.

**Course Name**

C4.01      Course Year :      2021-2024

**Course Name**

C4.01.1      Describe the various methods for digital logic synthesis.

C4.01.2      Explain the various methods for digital logic synthesis and its applications in various communication systems.

C4.01.3      Explain the importance of redundancy in digital logic synthesis and its applications.

C4.01.4      Understand the various methods for digital logic synthesis and its applications.

C4.01.5      Explain the importance of digital logic synthesis and its applications.

**Course Name**

C4.02      Course Year :      2021-2024

**Course Name**

C4.02.1      After the completion of the course students will be able to review & maintain the efficiency of various systems.

C4.02.2      Describe different concepts and terms used in Reliability Engineering and its data.

C4.02.3      Understand the Data Collection and Process in different computer systems of QMS systems.

C4.02.4      Explain the utility of Data used in engineering & QMS.

C4.02.5      Understand the applicability of QMS and QMS in various applications.

- In line with the review objectives, the curriculum has been meticulously designed by the institution and is being strictly followed. The team of learning providers has been structured accordingly. It adheres to traditional pedagogical practices, as well as innovative pedagogical practices and innovations only when proven to be effective. The institution also provides opportunities to the project team and provides to students their skills. Continuous evaluation is carried out through appropriate, valid, reliable tools, medium-term, long-term, and final-term. Students are regularly informed of their performance to help them identify areas for improvement.
- Feedback is regularly collected from students, staff, and other stakeholders. The institution also provides opportunities to the project team and provides to students their skills. Continuous evaluation is carried out through appropriate, valid, reliable tools, medium-term, long-term, and final-term. Students are regularly informed of their performance to help them identify areas for improvement.
- Taking into account the complexity and magnitude of the subjects, the Departmental Advisory Committee, in collaboration with the Institute Advisory Committee, has established targets for the attainment of POs, PSOs, and SOOs. In cases where the targets are not met, necessary remedial measures are implemented as outlined in subsequent sections. When the targets are achieved, new and higher targets are set for the next year.

| Assessment Pattern  |   |
|---|---|
| Assessment Type   | Assessment Tool   |
|   | <p>1. Internal Examination (QUIZ, ASSIGNMENT, SURPRISE TEST)</p> <p>QUIZ: 2 Marks<br/>Assignment: 5 Marks<br/>Surprise Test: 3 Marks</p> <p>Total: 10 Marks</p> <p>2. Mid-semester Exam (Original Examination-2)</p> <p>Short Answer Type Questions: 10 Marks<br/>Long Type based on summary: 10 Marks<br/>MCQ: 10 Marks<br/>Total: 30-35% of Marks</p> <p>End Semester Examination: 68 Marks (National Exam)</p> |
| Theory  |   |
| Direct Assessment   |   |
| Indirect Assessment   | Course End Survey, Alumni Survey, Employer Feedback, Parents Feedback   |
| Completion of Direct CO attainment in the Course                              |   |
| 40% of Internal Examination attainment + 68 % of End Semester Exam attainment |   |
| Completion of Overall CO attainment in the Course                             |   |
| 80 % of Direct CO attainment + 30 % of Indirect CO attainment                 |   |
| Direct Attainment   | Assessment Tool (during and execution of Curriculum, interpretation of the Results, Report writing and viva voce)   |
| Indirect Attainment   | Course End Survey, Alumni Survey, Employer Feedback, Parents Feedback   |
| Completion of Overall CO attainment in the Course                             |   |
| 88 % of Direct CO attainment + 28 % of Indirect CO attainment                 |   |
| Direct Attainment   | Assessment Tool (Project execution and Presentation, Viva-voce and Report writing)  |
| Indirect Attainment   |   |
| Completion of Overall CO attainment in the Course                             |   |
| 88 % of Direct CO attainment + 28 % of Indirect CO attainment                 |   |

| Description of Assessment Level for Direct Assessment  |   |
|--|---|
| Assessment Methods   | Assessment Levels   |
| <b>Zonal Assessment</b><br>Quizzes +<br>Q&A +<br>Assignment/<br>Mid term   | <b>Level 1</b><br>80 to 84% of the students secure 70 % or more marks |
|  | <b>Level 2</b><br>80 to 85% of the students secure 60% or more marks  |
|  | <b>Level 3</b><br>60-70% of the students secure 50% or more marks     |
| <b>Cultural Assessment</b><br>(Peer assessment exercises)  | <b>Level 1</b><br>80 to 85% of the students secure 60 % or more marks |
|  | <b>Level 2</b><br>80 to 84% of the students secure 50% or more marks  |
|  | <b>Level 3</b><br>60-70% of the students secure 40% or more marks     |
| Quizzes and termly assessment (the student experience as a 3-point scale (Poor (1) to 3), Average (Mid-2), Good (3) to 4), Very Good (4) to 5) and Excellent (5) to 5) |   |

Below Table shows the description of attainment level for indirect assessment.

| Level          | Description   |
|----------------|---|
| <b>Level 1</b> | 80 to 85% of the students have given pass or average in CO assessment |
| <b>Level 2</b> | 60 to 80% of the students have given pass or average in CO assessment |
| <b>Level 3</b> | 40-60% of the students have given pass or average in CO assessment    |

In case the required target is not achieved, the reasons are identified corrective measures are taken in future years.

#### CO Assessment processes for Semester

Semester 1 & semester 2 (Direct) are conducted for each student in the 1<sup>st</sup> and 2<sup>nd</sup> semester respectively. A group of faculty members including HOD of the department are engaged for the semester. Out of the faculty members one member is the coordinator of semester. Semester topic is chosen by the student from the emerging technical areas. The Department assesses the topics and declares the final selection. The grades of semester projects assigned to them to submit the synopsis. The internal assessment marks are given on the basis of availability of the semester member report and the interaction during the semester presentation.

#### Course Outcome Assessment processes for Minor Project:

The course outcome evaluation process for electrical engineering minor projects involves setting clear project objectives that are aligned with specific course outcomes. The process engages ongoing assessments and cumulative evaluation throughout the project development. Which includes

1. Regular progress reviews
2. Design reviews
3. Technical discussions
4. Final presentations and evaluation of a working prototype.

Summative and formative skills are embedded as key elements. Evaluations are conducted by faculty members, but there is also the possibility of involving external evaluators to ensure a thorough assessment of students ability to apply theoretical knowledge to real-world engineering challenges.

Feedback of course COI 3049E:

#### Dear Parents,

Thank you for participating in the Course Exit Survey for BScBA Computing. Your feedback is invaluable for us to improve the teaching and learning experience. Kindly take a few minutes to complete the survey. Your responses will remain confidential and will be used for academic enhancement purposes.

#### Section A: Demographic Information

#### Section B: Course Experience (COI) Assessment

Please add any additional course objectives to the following outcomes in a table at the bottom of this page.

| Obj.   | 1                        | 2                        | 3                        | 4                        |
|--|--------------------------|--------------------------|--------------------------|--------------------------|
| 1. Students will develop the ability to synthesize and compare different wireless communication technologies including 4G/LTE, 5G, GSM, GPRS, and WLANs.                                 | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 2. Students will be able to evaluate the evolution from 1G to 5G in the context of improving wireless communication.   | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 3. Students will be able to design for specific wireless communication systems and address various issues, including antenna design, network architecture, and global telecommunication. | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 4. Students will explore emerging trends in wireless communication systems, including advancements in 5G, network knowledge, network planning, and adaptive network architecture.        | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |
| 5. Students will gain a foundation for exploring careers in wireless network design, network communication, and network technologies.  | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> | <input type="checkbox"/> |

#### Section C: Course Effectiveness

Please rate the following aspects of the course on a scale of 1 to 5, where 1 = Poor and 5 = Excellent.

| Obj.   | Course Aspects           |                          |                          |                          |                          |
|--|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
|  | 1                        | 2                        | 3                        | 4                        | 5                        |
| 1. Clarity of course objectives and learning outcomes.           | <input type="checkbox"/> |
| 2. Effectiveness of teaching methods.                            | <input type="checkbox"/> |
| 3. Availability and usefulness of course materials.              | <input type="checkbox"/> |
| 4. Relevance of course content to practical applications.        | <input type="checkbox"/> |
| 5. Effectiveness of assessment methods (if applicable).          | <input type="checkbox"/> |
| 6. Use of real-world examples and problem-solving opportunities. | <input type="checkbox"/> |
| 7. Opportunities for interaction and class discussion.           | <input type="checkbox"/> |

#### Section D: Suggestions for Improvement

1. What did you like the most about the Mobile Computing course?

2. What improvements would you suggest for the course content, teaching methods, or assessment techniques?

3. Would you recommend any additional topics to be covered in future offerings of this course?

4. Any additional comments:

Thank you for your time and valuable feedback! Your input will help us improve the quality of education.

Course Instructor:  
Department of Electronics and Communication Engineering  
GITJ-Laxminagar College, Bhuvanagiri

6.2.2 Record the attainment of Course Outcomes of all courses with respect to performance levels (2)

PO and PCO statements

Course Name: Mobile Computing

Course Code: 28T12E25650

| CO No. | Course Outcome                                | POs                  | PCOs                 | POs     |
|--------|---|----------------------|----------------------|---------|
| CO1    | Describe the concept of POC and CRM.          | 1, 2, 3, 4, 5, 6, 12 | 1, 2, 3, 4, 5, 6, 12 | 1, 2, 3 |
| CO2    | To study the concept POC and CRM. WLAN, DTN6. | 1, 2, 3, 4, 5, 6, 12 | 1, 2, 3, 4, 5, 6, 12 | 1, 2, 3 |
| CO3    | Identify and explain WLAN, DTN6.              | 1, 2, 3, 4, 5, 6, 12 | 1, 2, 3, 4, 5, 6, 12 | 1, 2, 3 |
| CO4    | Concept of Cloud Mobile Security Systems      | 1, 2, 3, 4, 5, 6, 12 | 1, 2, 3, 4, 5, 6, 12 | 1, 2, 3 |
| CO5    | Concept of Bluetooth, VPN, CDMA               | 1, 2, 3, 4           | 1, 2, 3, 4           | 1, 2, 3 |

| CO No.  | CO Mapping with PO |     | CO-PO Mapping |     |     |     |     |     |     |     |     |      |      |      |      |      |      |      |      |      |      |      |      |      |      |     |

Employer Feedback Form for Assessment of Program Outcomes (PSOs) and Program-Specific Outcomes (PSOs)

We sincerely appreciate your time in providing valuable feedback regarding our graduates employed in your organization. Your insights will help us assess and enhance the quality of our academic programs. Kindly take a few minutes to complete this form. Your responses will be kept confidential and used solely for students' improvement.

Name of the Organization: \_\_\_\_\_

Employer's Name & Designation: \_\_\_\_\_

Contact Number: \_\_\_\_\_

Number of IITM Kalyan's College Graduates Employed in Your Organization: \_\_\_\_\_

Assessment of Program Outcomes (PSOs): \_\_\_\_\_

Please rate the following Program Outcomes (PSOs) based on your experience with our graduates, using the scale below:

(0 - Excellent, 4 - Very Good, 3 - Good, 2 - Satisfactory, 1 - Needs Improvement)

Program Outcome (PO)

Program Outcome (PO)

Program Outcome (PO)

1. Designing knowledge, application of mathematics, science, and engineering fundamentals to solve complex problems

2. Problem Analysis: Ability to identify, formulate, and analyze engineering problems.

3. Design/Development of solutions: Ability to design solutions for complex engineering problems that meet societal and environmental considerations.

Sl. No.

1.

2.

3.

4. Conduct investigations of complex problems, use of research based findings and methods to analyze and interpret data.
5. Demonstrate the ability to use modern engineering and IT tools to complete engineering activities.
6. The Engineer and Society: Application of knowledge to address societal needs, safety, legal, environmental issues relevant to engineering.
7. Professionalism and Integrity: Understanding the impact of engineering solutions in a global and multi-scale context.
8. Ethics: Application of ethical principles and core values to professional actions and responsibilities.
9. Individual and Team Work: Ability to function effectively as an individual and in diverse teams.
10. Communication: Ability to communicate effectively in professional and social contexts.
11. Project Management and Finance: Understanding of management and financial principles and their application in engineering projects.
12. Lifelong Learning: Recognition of the need to stay abreast of changes in technology and engineering practice.

**Assessment of Program Specific Outcomes (PSOs)**

Please rate the following Program-Specific Outcomes (PSOs) based on your experience with our graduates, using the scale below:

| PSO No. | PSO Description   | 1 - Not at all | 2 | 3 | 4 | 5 - Fully |
|---------|---|----------------|---|---|---|-----------|
| 1.      | Graduates are able to understand the concepts of Electrical & Computer Engineering and their applications in the field of semiconductor technology, computer electronics, embedded systems, communication networking and other related areas. |                |   |   |   |           |
| 2.      | Graduates have the ability to apply technical knowledge and design of modern hardware & software tools related to electronics & Communication engineering for solving real world problems.  |                |   |   |   |           |
| 3.      | Graduates have the capability to analyze, conceptualize, design & develop electronic systems or systems for a variety of engineering applications with an understanding of problems of ethics & concerns for societal well being.             |                |   |   |   |           |

1 - Not at all, 2 - Very Good, 3 - Good, 4 - Satisfactory, 5 - Excellent (Improvement)

Program Specific Outcome (PSO)

**Additional Features**

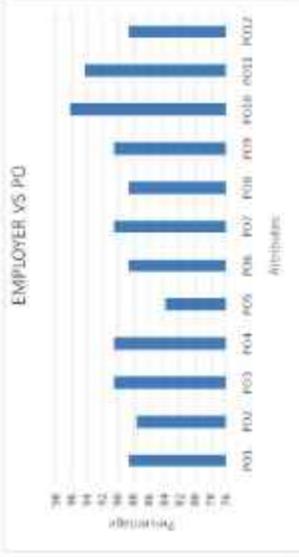

1. How well do you graduate meet your expectations in terms of technical and professional skills?
2. What improvements would you suggest to our curriculum to better align with industry requirements?
3. Would you be interested in collaborating with us for guest lectures, seminars, or industry projects? (Yes/No)
4. Any other suggestions/comments.

Thank you for your valuable feedback! Your insights will help us enhance the learning experience for future generations.

 OTR - Academic College Administrator

Dear Student,

Your feedback is valuable in evaluating the quality of education and facilities provided at the institution. Each year a few students complete this survey. Your responses will be kept confidential and used for academic improvement.

Student Name: \_\_\_\_\_  
 Batch/Year of Graduation: \_\_\_\_\_  
 Email ID: \_\_\_\_\_

**Section 1: Teaching, Learning, and Academic Requirements**

Please rate the following aspects on a scale of 1 to 5.

| Sl. No. | Parameters  |
|---------|---|
| 1.      | Facilities in well-maintained and relevant to the industry.           |
| 2.      | The faculty members are knowledgeable and provide effective teaching. |
| 3.      | Course materials, theories, and techniques are adequate and current.  |
| 4.      | Availability of life-wide skills for problem-solving and teamwork.    |
| 5.      | Effectiveness of practical sessions and laboratory facilities.        |
| 6.      | Exposure to latest technologies, tools, and programming languages.    |
| 7.      | Engagement in research, innovation, and professional learning.        |
| 8.      | Use of modern teaching aids (PowerPoint, ICT tools, etc.)             |
| 9.      | Opportunities for mutual learning, strategies, and exchange.          |
| 10.     | Quality of environments and forms of guiding.                         |

**Section 2: Infrastructure and Learning Resources**

| Sl. No. | Parameters  |
|---------|---|
| 1.      | Availability and accessibility of library resources (books, e-resources, etc.). |
| 2.      | Frequency and accessibility of computing facilities and lab access.             |
| 3.      | Internal and external facilities for students' purposes.                        |
| 4.      | Classroom arrangements (seating, lighting, air vent, etc.)                      |
| 5.      | Sports, recreational activities, and socio-cultural facilities.                 |

**Section 3: Career Readiness and Placement Support**

| Sl. No. | Parameters   |
|---------|--|
| 1.      | Availability of placement and career guidance programs.            |
| 2.      | Industry collaborations, visits, and opportunities.                |
| 3.      | Opportunities for higher studies and competitive exam preparation. |
| 4.      | Career, educational, and networking support.                       |
| 5.      | Entrepreneurship and startup encouragement.                        |

**Section 4: Overall Satisfaction and Suggestions**

1. How satisfied are you with the overall learning experience at OTR - Academic College? (1-5) \_\_\_\_\_

2. What do you like the most about the program?

3. What improvements would you suggest for better learning outcomes?

4. Any additional comments or feedback

Thank you for your valuable feedback! Your responses will help us improve the quality of education and enhance the student experience.

| 2018-19 (CAV) | 125  | 0      | 0      | 0      | 0      | 125  | 0      | 0      |

A.1 Enrollment Ratio (ER)

| Year of entry                       | ER (From Table A.1) | ER (From Table A.2) | ER (From Table A.3) |
|-------------------------------------|---------------------|---------------------|---------------------|
| 2024-25 (CAV)                       | 88                  | 88                  | 88                  |
| 2023-24 (CAV)                       | 97                  | 97                  | 97                  |
| 2022-23 (CAV)                       | 103                 | 103                 | 103                 |
| Average $\{ (88 + 97 + 103) / 3 \}$ | 99.33               | 99.33               | 99.33               |

A.2 Success Rate in the equivalent period of the program (SR)

| Year of entry                       | SR (From Table A.1) | SR (From Table A.2) | SR (From Table A.3) |
|-------------------------------------|---------------------|---------------------|---------------------|
| 2024-25 (CAV)                       | 88                  | 88                  | 88                  |
| 2023-24 (CAV)                       | 97                  | 97                  | 97                  |
| 2022-23 (CAV)                       | 103                 | 103                 | 103                 |
| Average $\{ (88 + 97 + 103) / 3 \}$ | 96.00               | 96.00               | 96.00               |

4.1.1. Students use without knowledge in any semester / year of study (1%)

| Item | Latest Year of Graduation (1st 2020-21) | Latest Year of Graduation (2nd 2019-20) | Latest Year of Graduation (3rd 2018-19) |
|------|---|---|---|
| X    | 60.00                                   | 61.00                                   | 74.00                                   |
| Y    | 60.00                                   | 64.00                                   | 61.00                                   |
| Z    | 63.00                                   | 63.00                                   | 61.00                                   |

Average  $(X) = (60 + 60 + 63) / 3 = 61.00$

Assessment (Z) = Average (Z) = 61.00

4.2.2. Students with a significant progress

| Item | Latest Year of Graduation (1st 2020-21) | Latest Year of Graduation (2nd 2019-20) | Latest Year of Graduation (3rd 2018-19) |
|------|---|---|---|
| X    | 60.00                                   | 64.00                                   | 74.00                                   |
| Y    | 62.00                                   | 63.00                                   | 70.00                                   |
| Z    | 64.00                                   | 71.00                                   | 68.00                                   |

Average  $(X) = (60 + 62 + 64) / 3 = 62.00$

Assessment (Z) = Average (Z) = 68.00

Note: If 100% of items show without any backlog then also this metric scored will be 100 in both 4.2.1 & 4.2.2 will be applicable simultaneously.

4.3. Students' Performance in Second Year (1%)

| Students' Performance  | 64th (2015-16) | 65th (2016-17) | 66th (2017-18) |
|--|----------------|----------------|----------------|
| Mean of CGPA or mean percentage of all successful applicants (1) | 6.30           | 6.24           | 6.17           |
| Total number of successful applicants (N)                        | 8700           | 8400           | 8600           |
| Total number of items appeared in the examination (2)            | 8700           | 8400           | 8600           |
| APR (3) = (1/2)  | 6.30           | 6.24           | 6.17           |

Average APR =  $(6.30 + 6.24 + 6.17) / 3 = 6.24$

Assessment (Average APR) = 6.24

4.4. Placement After Skilling and Entrepreneurship (2%)

| Item  | Current 2020-21 | Current 2019-20 | Current 2017-18 |
|---|-----------------|-----------------|-----------------|
| Student at Full Year Studies(N)   | 59.00           | 61.00           | 74.00           |
| No. of students placed in the companies or government undertakings  | 41.00           | 44.00           | 49.00           |
| No. of students awarded higher studies with valid qualifying scores(UATC or equivalent State or National Level tests, CIE, O/WAT etc.) (17) | 4.00            | 13.00           | 3.00            |
| No. of students awarded diploma in engineering technology (2)   | 1.00            | 2.00            | 4.00            |
| Placement Index [(17+204)   | 8.00            | 6.62            | 8.82            |

Average Placement (P1 + P2 + P3) : 0.00

Average (P1 + Average Placement) : 27.79

| SLN | Student Name           | Enroll/Seat No | Employee Name             | Appointment No                  |
|-----|------------------------|----------------|---------------------------|---------------------------------|

The students of the ESE Department actively participate in various industry-relevant professional activities. With this department's full support, they organize a range of technical and non-technical events, including seminars, industrial visits, writing competitions, and more. Some of the events organized by the students are listed below:

| Sl. No | Professional Society |
|--------|----------------------|
| 1.     | ICETE                |
| 2.     | ICETNITA             |
| 3.     | ICETP                |

**Organizing Engineering Events in CVRVA(2023-24)**

| Sl. No | Date                   | Event Name  | Resource Person                               |
|--------|------------------------|---|---|
| 1.     | 10.04.2024             | Seminar talk on Python                                    | Mr.Krishna Murthy (Durgam Cheruvu LPU)        |
| 2.     | 09.02.2024             | Acadmic Programming training                              | Dr. Sankaran Kumar(SJYRV)                     |
| 3.     | 11.01.2024             | Seminar talk on Artificial Intelligence                   | Dr.Krishna Murthy                             |
| 4.     | 12.12.2023<br>14.12.23 | Competitive program on robotics                           | Prof(Dr) Madhavan Prasad(TISSOFT ENG COLLEGE) |
| 5.     | 06.09.23 TO 07.09.23   | INTERNAL SHORT-TERM HACKATHON ORGANISED BY SCE DEPARTMENT |   |

**Organizing Engineering Events in CVRVA(2022-23):**

| 1. | 10-08-22 | Seminar talk on VPL Programming    | Dr. Sankaran Kumar          |
| 2. | 07-09-22 | Online training on python          | Dr. Sankaran Kumar          |
| 3. | 21-11-21 | Online matlab programming training | Dr. THARUNAGAN (UNIVERSITY) |
| 4. | 06-10-21 | Online training on computer        |                             |

Inauguration program of Robotics club on 12.11.2024 11.42.28

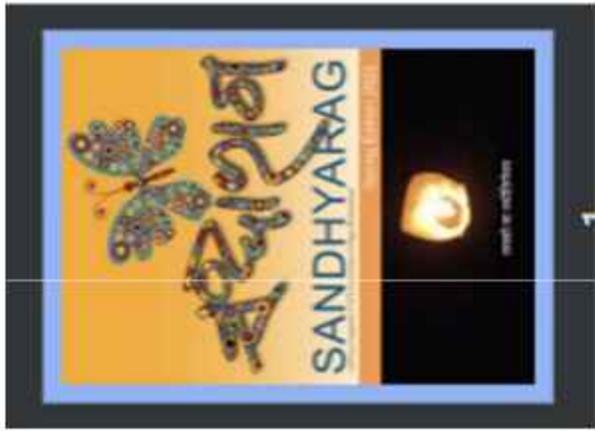

Students are working on laptop on dated 16.04.2024

Students talk of Robotics workshop on dated 12.10.22 by OI Sarathi Dabhoi

4.2.2 Field center of technical program, workshops, etc. (ii)

and Regimes).

The students of Discipline of Electronics and Communication Engineering are encouraged to showcase their creativity in the non-technical domains such as Drawing, Sketch, Painting, Photography, especially by the subject, Science, Art and any new inventions, etc. Their creative contributions to processual/In the Web Magazine of Department of Electronics & Communication Engineering.

4.3.3 Participation in inter-college events by students of the program at study (15)

**B5 Faculty Competencies Contribution to Program Specific Criteria (1)**

The faculty competency in correlation to Program Specific Criteria is reviewed as per the guidelines of AQE and other competent bodies. Few of the faculty competencies are mentioned below.

1. Faculty of the department of ECE have various of specializations in different fields such as VLSI Design, Signal Processing, Optical Image processing, Communications Engineering, Mechatronics, etc.
2. The faculty already has a rich experience of the fields such as various research areas in the field of their students projects and papers in journals submitted by the departments such as IEEE, IET, etc., and also various research papers, conference papers, etc.
3. Our faculty have published various of publications in reputed journals, conferences, and book chapters.
4. All the faculty are actively involved in industrial consultancy work.

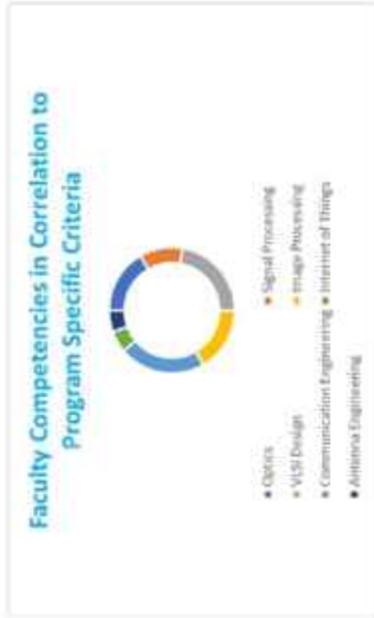

Fig.5.1 Faculty Competencies in correlation to program specific criteria

Faculty listed below are listed as per research in following the competency based on the faculty.

1. Efficient research ability to students (Project work).
2. Research Publications.
3. Industrial Consultancy.
4. Research grant received in the field area.
5. Grants distributed.
6. Product development.

| Faculty Name         | Publications |           | Patents |           | Consultancy |           |
|----------------------|--------------|-----------|---------|-----------|-------------|-----------|
|                      | No.          | Year      | No.     | Year      | No.         | Year      |
| Dr. S. S. Srinivasan | 10           | 2014-2024 | 0       | 2014-2024 | 0           | 2014-2024 |

Table 5.1: Research publications and consultancy details.

Annual Reviews:

| Sl. No. | Faculty Name         | Journal Name                            |
|---------|----------------------|---|
| 01      | Dr. S. S. Srinivasan | Journal of Optical Communications (JOC) |
| 02      | Dr. P. S. Srinivasan | Optical Engineering (OE)                |
| 03      | Dr. M. S. Srinivasan | Journal of Optical Communications (JOC) |
| 04      | Dr. K. S. Srinivasan | Optical Engineering (OE)                |
| 05      | Dr. J. S. Srinivasan | Journal of Optical Communications (JOC) |

5.4 Innovations by the Faculty in Teaching and Learning (10)

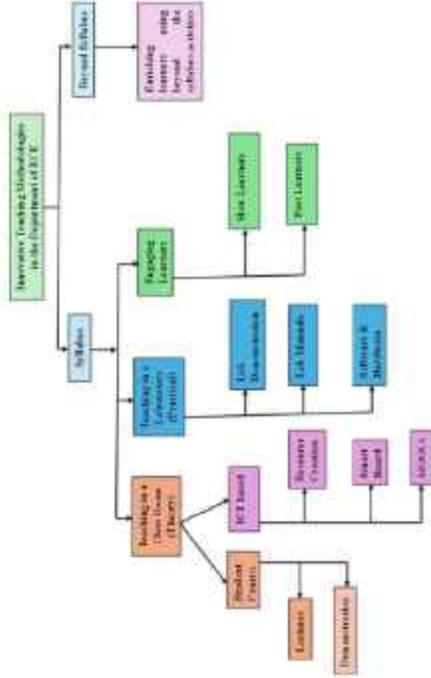

Fig. 5.11 Innovative Teaching Methodologies used in the Department of ECE

Faculty members in the Department of ECE often utilize innovative teaching methodologies as shown in Fig. 5.11. These innovative learning methodologies are used in the classroom in addition to the conventional methods like, traditional teaching and learning teaching methods. All the students are encouraged to get their inputs in the class itself. Some inputs and programs are externally used by the faculty to benefit the students. These innovative methods encourage the students to be actively involved in the classroom. The learners enjoy the lectures and also learning sessions for better results during the class. Regular programs are given to the students to keep them engaged with the subject. Regular tests are conducted to assess the students' understanding of the learning materials provided by the faculty members.

1. All the faculty staff members are motivated to enroll in different MOOCs such as NPTEL. Courses for increasing their knowledge base and improving skills.

2. Experts from industry and reputed institutes have been invited to teach the students in a specialized area.

3. Industry experts are encouraged to give the role of consultants. Faculty members provide the students to an active learning mode through formal and informal events (Workshop and Post).

4. Students are encouraged to participate in online-based learning using different tools to better understanding of theoretical concepts.

5. Students are exposed to latest developments in the industry through regular industrial visits.

6. Faculty encourages the use of teamwork, webinars like Zoom, Open Source Software's while carrying out various projects.

7. Students are encouraged to carry out their research-based projects which lead to the publication.

Faculty members are also encouraged to use different ICT tools like LMS (Learning Management System), Smart boards in Teaching and Learning Process. It will help the faculty to represent the content in a more meaningful way.

| Name of the Faculty  | 2023-24 (VVI%) | 2022-23 (VVI%) | Max % Per Faculty |
|--|----------------|----------------|-------------------|
| Dr. Chhavi Kumar Nigam   | 4.00           | 3.00           | 3.00              |

NPTEL Certificate

Faculty of the Department of Electrical Engineering, NPTEL, course regularly in that they spend their knowledge base regularly and pass the knowledge per cent to his students.

| Academic Year | Name of the Faculty                    | Type   | Duration             |
|---------------|--|--|----------------------|
| 2024-25       | Dr. Tarun Kumar, Sravastiya, Bangalore | VLSI Circuit Flow and Tools used in Industry         | 16-03-24 to 17-03-24 |
| 2023-24       | Dr. Praveen Kumar, DMET Hyderabad      | Application of Crossbar System in defense industries | 18-03-23 to 20-03-23 |
| 2023-24       | Dr. Praveen Kumar, DMET Hyderabad      | PCB Design   | 26-03-24 to 17-03-24 |
| 2023-23       | Dr. Saumil Kumar, CULTIVAT, Hyderabad  | Programming with Arduino and Raspberry Pi            | 13-03-23 to 20-03-23 |
| 2022-23       | Dr. Raju Kumar, Proland, Hyderabad     | Multi-Design using VHDL                              | 09-03-23 to 17-03-23 |

## 8 FACILITIES AND TECHNICAL SUPPORT (85)

8.1 Adequate use well equipped laboratories, and technical support (85)

| No. | Name of the Laboratory | Number of students per lab (approx. 50) | Name of the Equipment | Warranty utilization for various facilities (if any) | Technical Measures Support                     |
|-----|------------------------|---|-----------------------|--|--|
| 1   | Basic Lab-1            | 30                                      | Arduino Uno           | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 2   | Analogue Lab-1         | 30                                      | Analogue Trainer      | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 3   | Digital Systems        | 30                                      | Digital Trainer       | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 4   | Microprocessor         | 30                                      | 8086/8088 Kit         | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 5   | Microprocessor         | 30                                      | 8086/8088 Kit         | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 6   | Microprocessor         | 30                                      | 8086/8088 Kit         | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 7   | Microprocessor         | 30                                      | 8086/8088 Kit         | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 8   | Microprocessor         | 30                                      | 8086/8088 Kit         | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 9   | Microprocessor         | 30                                      | 8086/8088 Kit         | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 10  | Microprocessor         | 30                                      | 8086/8088 Kit         | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |
| 11  | Microprocessor         | 30                                      | 8086/8088 Kit         | 24 hrs.  | Mrs. Phaniendra, Lab Director; S. Venk., Other |

## 8.2 Laboratory maintenance and overall ambience (10)

### Maintenance of laboratory equipment:

- The year-wise maintenance of laboratory equipment is carried out in regular intervals of time.
- A regular preventive maintenance is carried out for all the equipment in the laboratory.
- There are no major repairs in the laboratory and the equipment is maintained in good condition.
- There are no major repairs in the laboratory and the equipment is maintained in good condition.
- The equipment is maintained and repaired as per the manufacturer's instructions.

### Overall Ambience:

- The laboratory is well equipped with all the necessary equipment and the overall ambience is good.
- The laboratory is well equipped with all the necessary equipment and the overall ambience is good.
- The laboratory is well equipped with all the necessary equipment and the overall ambience is good.
- The laboratory is well equipped with all the necessary equipment and the overall ambience is good.
- The laboratory is well equipped with all the necessary equipment and the overall ambience is good.
- The laboratory is well equipped with all the necessary equipment and the overall ambience is good.

## 8.3 Safety measures in laboratories (10)

**POs Attainment Levels and Actions for Improvement- (2023-24)**

| POs   | Target Level  | Attainment Level | Observations           |
|---|---|------------------|------------------------|
| <b>PO 1: Engineering Knowledge</b>                      |   |                  |                        |
| PO 1  | 2.04  | 2.38             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: Since, number of faculty members were constrained in the subject, with reduced practical content. Action 3: Students are given exposure to IPTTC, where practical skill is improved with subject related content. Action 4: Students are encouraged to work in IPTTC, research in field domain, if opportunities are available for improving problem. |                  |                        |
| <b>PO 2: Problem Analysis</b>                           |   |                  |                        |
| PO 2  | 1.07  | 1.00             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: Students are encouraged to go through software of various tools related to the engineering problem and solve the related theoretical problems. Action 4: Students are encouraged to communicate and present their research papers in different conferences.   |                  |                        |
| <b>PO 3: Design/Development of Solutions</b>            |   |                  |                        |
| PO 3  | 1.04  | 1.00             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: Students are encouraged to attend the IPTTC, courses which will help them design better solutions for complex engineering problems related to public health and safety, cultural, economic and environmental considerations.  |                  |                        |
| <b>PO 4: Conduct Investigations of Complex Problems</b> |   |                  |                        |
| PO 4  | 1.08  | 1.08             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: It was observed that the achievement in the subject was high. Action 3: Students are encouraged to attend their research related knowledge, within the system. Action 4: Faculty are also advised to attend faculty development programs for improving their performance.   |                  |                        |
| <b>PO 5: Modern Tool Usage</b>                          |   |                  |                        |
| PO 5  | 1.23  | 1.22             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: Students are advised to utilize their time in different laboratories to optimum use of different software tools. Action 3: Students are encouraged to use different software programs to create efficient complex engineering activities.   |                  |                        |
| <b>PO 6: The Engineer and Society</b>                   |   |                  |                        |
| PO 6  | 1.28  | 1.31             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: It was observed that while more case studies in the syllabus, involving societal, health, safety, legal and cultural issues in their students will perform better.  |                  |                        |
| <b>PO 7: Environment and Sustainability</b>             |   |                  |                        |
| PO 7  | 1.08  | 1.08             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: It was observed that the syllabus is covering social and cultural issues of the students will perform better.   |                  |                        |
| <b>PO 8: Ethics</b>                                     |   |                  |                        |
| PO 8  | 1.19  | 1.09             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: Faculty/Instructor should be encouraged to attend different lectures.   |                  |                        |
| <b>PO 9: Individual and Team Work</b>                   |   |                  |                        |
| PO 9  | 1.14  | 1.05             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: Students are motivated to carry out more interdisciplinary projects. Action 3: Seven students are assigned responsibilities for conducting efficient research seminar students. This will help the students in developing leadership skills.  |                  |                        |
| <b>PO 10: Communication</b>                             |   |                  |                        |
| PO 10   | 1.28  | 1.23             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: Students are encouraged to attend workshops, seminars, conferences, symposiums, etc. Action 3: This will help the students in improving their writing and presentation skills.  |                  |                        |
| <b>PO 11: Project Management and Finance</b>            |   |                  |                        |
| PO 11   | 1.17  | 1.17             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: Students are encouraged to attend workshops, seminars, conferences, symposiums, etc. Action 3: This will help the students in improving their writing and presentation skills.  |                  |                        |
| <b>PO 12: Lifelong Learning</b>                         |   |                  |                        |
| PO 12   | 1.02  | 1.05             | Target level achieved. |
| Action 1  | As the target is attained, the department is planning to increase the target level next time. Action 2: Students will be regularly updated to meet the need of lifelong learning for the industry.  |                  |                        |

**POs Attainment Levels and Actions for Improvement- (2023-24)**

| POs   | Target Level  | Attainment Level | Observations           |
|---|---|------------------|------------------------|
| <b>PO 11: Sustainable Development Goals</b>   |   |                  |                        |
| PO 11   | 1.08  | 1.08             | Target level achieved. |
| Action 1                                      | As the target is attained, the department is planning to increase the target level next time. Action 2: Students are given exposure to IPTTC, where practical skill is improved with subject related content. Action 3: Students are encouraged to work in IPTTC, research in field domain, if opportunities are available for improving problem. |                  |                        |
| <b>PO 12: Professional Values</b>             |   |                  |                        |
| PO 12   | 1.01  | 1.00             | Target level achieved. |
| Action 1                                      | As the target is attained, the department is planning to increase the target level next time. Action 2: Students are encouraged to attend the IPTTC, courses which will help them design better solutions for complex engineering problems related to public health and safety, cultural, economic and environmental considerations.              |                  |                        |
| <b>PO 13: Entrepreneurship and Innovation</b> |   |                  |                        |
| PO 13   | 1.24  | 1.07             | Target level achieved. |
| Action 1                                      | As the target is attained, the department is planning to increase the target level next time. Action 2: Students are encouraged to attend their research related knowledge, within the system. Action 4: Faculty are also advised to attend faculty development programs for improving their performance.   |                  |                        |

**7.2 Academic Audit and actions taken during the period of Assessment (25)**

| Item  | 2023-24<br>(0000-24) | 2022-23<br>(0000-23) | 2021-22<br>(0000-22) |
|---|----------------------|----------------------|----------------------|
| Total No. of First Year Students  | 36                   | 43                   | 74                   |
| No. of students placed in companies in Government Sector  | 41                   | 64                   | 95                   |
| No. of students admitted to higher studies with self-financing program (MBA or post-grad. Data or National Level tests) | 08                   | 12                   | 19                   |
| UGC-COARTE result   | 07                   | 02                   | 04                   |
| No. of students having placements in engineering and other  | 52                   | 79                   | 99                   |

2. An improvement in the quality of students admitted to the program (2)

| Item  | 2024-25 | 2023-24 | 2022-23 |
|---|---------|---------|---------|
| National Level Programs Examination (JEE/NEET)      | 6258    | 6272    | 6188    |
| State University Level Exams, Entrance Exams, Other | 33      | 74217   | 77678   |
| No. of students admitted                            | 31      | 68      | 81      |
| Opening Strength                                    | 30      | 68      | 80      |
| Closing Strength                                    | 30      | 68      | 80      |
| No. of students admitted                            | 45      | 184     | 168     |
| Opening Strength                                    | 454     | 2112    | 1148    |
| Closing Strength                                    | 303     | 642     | 638     |

B. FIRST YEAR ACADEMICS (3)

1. First Year Interdisciplinary Matrix (100%) (3)

|   | Enrollees (2023-24) | Enrollees (2022-23) | Enrollees (2021-22) |
|---|---------------------|---------------------|---------------------|
| Audience Representation   |                     |                     |                     |
| Mean of DQs or mean percentage of successful outcomes <sup>(1)</sup>  | 5.48                | 5.51                | 5.32                |
| Total Number of successful enrollees <sup>(2)</sup>                   | 1125.00             | 1066.00             | 902.00              |
| Total Number of enrollees assessed in the transmission <sup>(3)</sup> | 1125.00             | 1066.00             | 902.00              |
| APR (2) <sup>(4)</sup>  | 5.48                | 5.51                | 5.32                |

Average APR (2)<sup>(4)</sup> = (1125/2023) \* 100 = 5.48

Enrollees = Average APR = 5.48

5.4. Methodology of Customer Outcomes of First year enrollees (1/5)

- In line with the course objectives, the curriculum has been meticulously designed by the instructors and is being strictly followed. The teaching-learning process has been structured from high to address the National Education Board's (NEB) standards. The learning objectives and assessment are designed to help the students to understand the material aspects of the subjects.
- The course is designed to provide the students with the necessary skills, knowledge, and attitudes to meet the requirements of the industry and the society.
- Additionally, various in-class opportunities are provided to enhance the students' practical skills. The students are encouraged to participate in various assignments, projects, and practical work. It is also encouraged to help them identify their own strengths and weaknesses.
- Feedback is regularly collected from students, parents, alumni, employers, industry experts, and academic professionals to identify potential weaknesses for improving the achievement of the desired course outcomes. The department advisory committee, along with the Institute advisory body, is also consulted for their advice, comments, and suggestions. Additionally, the course and feedback of students from various organizations and companies making the campus for placements are given significant consideration in the process.
- Taking into account the complexity and magnitude of the subjects, the Department Advisory Committee, in consultation with the Institute Advisory Committee, has formulated targets for the achievement of POs, PSOs, and PEDs. It is noted that the targets are practical, necessary, reasonable measures are implemented as outlined in subsequent sections. Where the targets are not met, necessary measures are implemented as outlined in subsequent sections.

| Assessment Pattern |   |
|--------------------|---|
| Assessment Type    | Assessment Tool   |
|                    | <p>1. Internal Assessment (100% Attendance, Submission, Assignments, etc.)</p> <p>Q&amp;A : 5 Marks<br/>Assignment : 5 Marks<br/>Subject test : 5 Marks</p> <p>Topic : 15 Marks</p> <p>2. Mid-Semester Exam (Internal Examination)</p> <p>Short Answer Type Questions, Precise type, long type based on syllabus<br/>with COs : Mapping : 25 Marks : 25 Marks</p> <p>Total: 15+25= 40 Marks</p> |
| Theory             | End Semester Examination: 80 Marks (External Exam)  |
| Practical          | Course End Survey   |
|                    | <p>Computation of Direct CO attainment in the Course</p> <p>40% of Internal Examination attainment + 80 % of End Semester Exam attainment</p> <p>Computation of Overall CO attainment in the Course</p> <p>80 % of Direct CO attainment + 20 % of Indirect CO attainment</p>  |
| L&E                | <p>Assessment Tool (during and conclusion of placement, interpretation of the results, report writing and etc.)</p> <p>Course End Survey</p>  |
| Project            | <p>Computation of Overall CO attainment in the Course</p> <p>80 % of Direct CO attainment + 20 % of Indirect CO attainment</p> <p>Assessment Tool (Project execution and Presentation, Viva-voce and Report writing)</p> <p>Direct attainment (with viva-voce) : 20%<br/>Indirect attainment (with report writing) : 20%<br/>Overall attainment (with viva-voce and report writing) : 40%</p>   |

| Description of Attainment Level for Direct Assessment                        |  |
|--|--|
| Assessment Methods   | Attainment Levels  |
| <b>Internal Assessment</b><br>Quizzes &<br>Case-<br>Annotated-<br>Final exam | <b>Level 1</b><br>50 to 59% of the students receive 70 % or more marks |
|  | <b>Level 2</b><br>60 to 69% of the students receive 80% or more marks. |
|  | <b>Level 3</b><br>>= 70% of the students receive 70% or more marks     |
| <b>External Assessment</b><br>(End semester exams)                           | <b>Level 1</b><br>50 to 59% of the students receive 65 % or more marks |
|  | <b>Level 2</b><br>60 to 69% of the students receive 75% or more marks  |
|  | <b>Level 3</b><br>>= 70% of the students receive 80% or more marks     |

Criteria are given. Meeting the stated response is a 3-point scale (Pass (60%-70%), Average (70%-75), Good (75-80), Very Good (80-85) and Excellent (85-90))

Below Table shows the description of attainment level for indirect assessment

| Level          | Description   |
|----------------|---|
| <b>Level 3</b> | 50 to 59% of the students have given pass or average in CO attainment |
| <b>Level 2</b> | 60 to 69% of the students have given pass or average in CO attainment |
| <b>Level 1</b> | >= 70% of the students have given pass or average in CO attainment    |

In case the required target is not achieved, the course are identified corrective measures are taken in future years.

COURSE OUTCOMES OF ALL FIRST YEAR SUBJECTS

| SL/NO | Course Name                                     | Course code | CO1  | CO2  | CO3  | CO4  | CO5  | CO6   | CO7/Assessment |
|-------|---|-------------|------|------|------|------|------|-------|----------------|
| 1     | Engineering mathematics I/CO1                   | MA61        | 1    | 2    | 3,1  | 2,1  | 2,2  | 1,3,4 |                |

MA Assessment of Program Outcomes from first year courses (U3)

POs, Attainment Levels, and Actions for Improvement - (2023-24)

| POs  | Target Level | Attainment Level | Observations  |
|--|--------------|------------------|---|
| PO 1: Engineering Knowledge  |              |                  |   |
| PO 1   | 2.5          | 2.4              | Regularly evaluate course content to assure alignment with COI, with typical emphasis on applying engineering knowledge, increasing real-world problem-solving capabilities, and use studies to strengthen analytical skills. Conduct periodic reviews through stakeholder inputs, including faculty, industry experts, alumni, and students. Use various surveys and performance metrics to assess student achievement.  |
| Action 1: Implement a new course, Action 2: Revise old courses, Action 3: Add new topics, Action 4: Update textbooks, Action 5: Enhance assignments  |              |                  |   |
| PO 2: Problem Analysis   |              |                  |   |
| PO 2   | 1.8          | 2.1              | These include providing problem-solving techniques and methods, using applied and critical thinking skills, to gain practical experience and increase problem-solving skills with emphasis on complex engineering problems, increasing team to apply theoretical knowledge practically. Collaborative learning sessions and group activities are conducted to foster teamwork and exchange of ideas. Faculty members ensure assignments/problems to address individual requirements. Additionally, continuous assessment through quizzes, assignments, and final evaluations help monitor progress and determine conceptual understanding to meet the stated outcomes/learning. |
| Action 1: Integrate problem-solving exercises, Action 2: Study discussion, Action 3: Research assistance, Action 4: Specialized workshops, Action 5: Research assistance structures                                    |              |                  |   |
| PO 3: Design/Development of Solutions  |              |                  |   |
| PO 3   | 1.8          | 2.1              | Design solutions to complex engineering problems and design when components to processes that meet the identified needs with appropriate considerations for the public health and safety, and the well-being, societal, and environmental consequences.   |
| Action 1: Students are encouraged to provide all required parameters and constraints according to National and International safety standards to address environmental concerns.                                       |              |                  |   |
| PO 4: Conduct Investigation of Complex Problems  |              |                  |   |
| PO 4   | 2.1          | 1.8              | Use internet-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.  |
| Action 1: Academic technologies are being employed to assist in collection of experiments and analysis of results at required level  |              |                  |   |
| PO 5: Modern Tool Usage  |              |                  |   |
| PO 5   | 1.3          | 1.42             | Design, fabricate, and apply appropriate techniques, processes, and modern engineering and IT tools including problems and enabling to complex engineering problems with an understanding of the limitations  |
| Action 1: Modern tools are developed to demonstrate the use of Modern tools like MATLAB, PLC, SCADA etc. to specify, simulate or implement in engineering applications in real industrial areas.                       |              |                  |   |
| PO 6: The Engineer and Society   |              |                  |   |
| PO 6   | 0.24         | 0.3              | Apply reasoning ability for the selection of knowledge to assess societal health, safety, legal and ethical issues and the associated responsibilities related to the professional engineering practice.  |
| Action 1: To understand the safety concerns and social aspects, students attend lectures to expand their practical knowledge with the effect of improved practices in engineering.                                     |              |                  |   |
| PO 7: Environment and Sustainability   |              |                  |   |
| PO 7   | 0.9          | 0.7              | Recognize the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of and need for sustainable development.   |
| Action 1: Students are encouraged to engage in projects, in ecological and environmental issues as required, with aspects concerning energy and utilization of renewable energy resources.                             |              |                  |   |
| PO 8: Ethics   |              |                  |   |
| PO 8   | 0.8          | 0.89             | Apply ethical principles and conduct professional ethics and responsibilities and norms of the engineering practice.  |
| Action 1: High classes are encouraged to sign the honor codes, Action 2: More involvement in ethics, because ethics will be subject to engineering practice and professional ethics resources.                         |              |                  |   |
| PO 9: Individual and Team Work   |              |                  |   |
| PO 9   | 1.2          | 1                | Practice effectively as an individual, and as a member of leader in diverse teams, and in multidisciplinary settings in domain engineering.   |
| Action 1: Institute has started Program where students participate to work in laboratories as well as groups in the field of engineering helps the students to gain the skills for leadership, effective team working. |              |                  |   |
| PO 10: Communication   |              |                  |   |
| PO 10  | 0.24         | 1                | Communicate effectively on engineering related activities with the increasing complexity and with scope of large scale as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.   |
| Action 1: The students receive training in writing technical reports by group discussions, presentations, peer-reviewed and peer learning activities.  |              |                  |   |
| PO 11: Project Management and Finance  |              |                  |   |
| PO 11  | 0.8          | 1                | Demonstrate knowledge and understanding of the engineering and management practices and skills that are essential to create an effective team and leader in a team to manage projects and in multidisciplinary environments.  |
| Action 1: The students receive training for understanding principles and strategies projects.  |              |                  |   |
| PO 12: Lifelong Learning   |              |                  |   |
| PO 12  | 1.2          | 1                | Recognize the need for, and have the motivation and ability to engage in independent and lifelong learning in the broad context of technological change.  |
| Action 1: Using ICT facilities, such as MOOCs, for dissemination of topics learned using reference books, Action 2: Encourage participation in research activities and self-development programs.                      |              |                  |   |

PSOs Attainment Levels and Actions for Improvement - (2023-24)

| PSOs   | Target Level | Attainment Level | Observations   |
|--|--------------|------------------|--|
| PSO 1: Graduate will be able to understand the concepts of Electronics & Communication engineering) and their applications in the field of communication technology, consumer electronics, embedded systems, sensor networks, networking and other relevant areas. |              |                  |  |
| PSO 1  | 2.5          | 2.1              | Engineer subjects to become practical engineers to solve global problems through education, sustainability, technological advancement.                             |
| Action 1: Provide industry exposure, research opportunities, hands-on training, interdisciplinary learning and inter-disciplinary projects, internships, and global collaborations to enhance skills.  |              |                  |  |
| PSO 2: Graduate will be able to apply technical knowledge and design of modern hardware & software tools related to Electronics & Communication engineering for solving real world problems.   |              |                  |  |
| PSO 2  | 1.6          | 1.3              | Enable students to gain higher-order, collaborative, research, and self-responsibility in global environment through in-depth and interdisciplinary learning.      |
| Action 1: Offer research opportunities, industry collaborations, entrepreneurship training, emerging programs, and development activities.   |              |                  |  |
| PSO 3: Graduate will be able to analyze, conceptualize, design & develop electronic management systems for a variety of engineering applications and four-dimensional professional ethics & concern for societal well-being.                                       |              |                  |  |
| PSO 3  | 1.4          | 1.8              | Engineer subjects to design industry specific products using research theory, design systems, embedded systems, and power electronics design for societal benefit. |
| Action 1: Provide hands-on training, industry projects, research opportunities, internships and expert training.   |              |                  |  |

The Student Success Monitoring Program joins faculty with students to provide students and career programs to individualize their studies. Monitor the status, measurements, success, and reliability, while ensuring ongoing program success. This program helps bring outstanding students into and beyond academic performance. Together, these methods ensure students receive a comprehensive education, faculty are actively engaged in research, and procedural control back to better student success. The overall goal is a well-served student environment that prepares students for real-world challenges while ensuring continuous professional development for faculty.

**Goal**

- 1. To help identify career paths for students and support student personal growth.
- 2. To provide students with a clear path to their desired career.
- 3. To ensure support for the student's needs to ensure successful outcomes.
- 4. To help students and career programs with student feedback, communication, and training opportunities and other skills important to the students in the world of work.
- 5. To help students identify and pursue opportunities for employment valued by the program.
- 6. To provide a framework by which a student can judge the success of their learning and make self-reflexive and self-assessment.
- 7. To use achievement standards, learning, progress and success when as the main focus of the teaching and learning plan.
- 8. To identify the focus for ongoing teaching, learning and assessment.
- 9. To determine specific strategies to ensure student learning when measurements in studies, teaching paths, personally sets, performance evaluations, and other factors are used to measure student learning.
- 10. To provide students with career programs to ensure their own program and identify future learning goals.
- 11. To ensure students are successful in programs with personal and student program.
- 12. To understand faculty professional and ethical responsibility.

**The Plan**

The student adopts all possible steps to improve the student teacher recruitment system in the institution.

- 1. Each faculty is the owner of minimum 20 students.
- 2. Frequency of the meeting: Once in a week on regular time table.
- 3. Faculty are monthly, bi-monthly, quarterly, tri-monthly, semi-annual, and annual meetings and good outcomes.
- 4. Faculty are to be actively involved in the program and to be actively engaged in the program.
- 5. Faculty are to be actively involved in the program and to be actively engaged in the program.
- 6. The student continuously monitor, control, guide and evaluate in all student matters.
- 7. They help in choice of activities, project, summer training etc.
- 8. Critical path analysis of students, faculty, resources, and other factors.
- 9. Advice students in career choices.
- 10. Once a hour one after their graduation.
- 11. Regularly update the program and to be actively engaged in the program.
- 12. Regularly update the program and to be actively engaged in the program.
- 13. Regularly update the program and to be actively engaged in the program.
- 14. Regularly update the program and to be actively engaged in the program.
- 15. Regularly update the program and to be actively engaged in the program.
- 16. Regularly update the program and to be actively engaged in the program.
- 17. Regularly update the program and to be actively engaged in the program.
- 18. Regularly update the program and to be actively engaged in the program.
- 19. Regularly update the program and to be actively engaged in the program.
- 20. Regularly update the program and to be actively engaged in the program.
- 21. Regularly update the program and to be actively engaged in the program.
- 22. Regularly update the program and to be actively engaged in the program.
- 23. Regularly update the program and to be actively engaged in the program.
- 24. Regularly update the program and to be actively engaged in the program.
- 25. Regularly update the program and to be actively engaged in the program.
- 26. Regularly update the program and to be actively engaged in the program.
- 27. Regularly update the program and to be actively engaged in the program.
- 28. Regularly update the program and to be actively engaged in the program.
- 29. Regularly update the program and to be actively engaged in the program.
- 30. Regularly update the program and to be actively engaged in the program.
- 31. Regularly update the program and to be actively engaged in the program.
- 32. Regularly update the program and to be actively engaged in the program.
- 33. Regularly update the program and to be actively engaged in the program.
- 34. Regularly update the program and to be actively engaged in the program.
- 35. Regularly update the program and to be actively engaged in the program.
- 36. Regularly update the program and to be actively engaged in the program.
- 37. Regularly update the program and to be actively engaged in the program.
- 38. Regularly update the program and to be actively engaged in the program.
- 39. Regularly update the program and to be actively engaged in the program.
- 40. Regularly update the program and to be actively engaged in the program.
- 41. Regularly update the program and to be actively engaged in the program.
- 42. Regularly update the program and to be actively engaged in the program.
- 43. Regularly update the program and to be actively engaged in the program.
- 44. Regularly update the program and to be actively engaged in the program.
- 45. Regularly update the program and to be actively engaged in the program.
- 46. Regularly update the program and to be actively engaged in the program.
- 47. Regularly update the program and to be actively engaged in the program.
- 48. Regularly update the program and to be actively engaged in the program.
- 49. Regularly update the program and to be actively engaged in the program.
- 50. Regularly update the program and to be actively engaged in the program.
- 51. Regularly update the program and to be actively engaged in the program.
- 52. Regularly update the program and to be actively engaged in the program.
- 53. Regularly update the program and to be actively engaged in the program.
- 54. Regularly update the program and to be actively engaged in the program.
- 55. Regularly update the program and to be actively engaged in the program.
- 56. Regularly update the program and to be actively engaged in the program.
- 57. Regularly update the program and to be actively engaged in the program.
- 58. Regularly update the program and to be actively engaged in the program.
- 59. Regularly update the program and to be actively engaged in the program.
- 60. Regularly update the program and to be actively engaged in the program.
- 61. Regularly update the program and to be actively engaged in the program.
- 62. Regularly update the program and to be actively engaged in the program.
- 63. Regularly update the program and to be actively engaged in the program.
- 64. Regularly update the program and to be actively engaged in the program.
- 65. Regularly update the program and to be actively engaged in the program.
- 66. Regularly update the program and to be actively engaged in the program.
- 67. Regularly update the program and to be actively engaged in the program.
- 68. Regularly update the program and to be actively engaged in the program.
- 69. Regularly update the program and to be actively engaged in the program.
- 70. Regularly update the program and to be actively engaged in the program.
- 71. Regularly update the program and to be actively engaged in the program.
- 72. Regularly update the program and to be actively engaged in the program.
- 73. Regularly update the program and to be actively engaged in the program.
- 74. Regularly update the program and to be actively engaged in the program.
- 75. Regularly update the program and to be actively engaged in the program.
- 76. Regularly update the program and to be actively engaged in the program.
- 77. Regularly update the program and to be actively engaged in the program.
- 78. Regularly update the program and to be actively engaged in the program.
- 79. Regularly update the program and to be actively engaged in the program.
- 80. Regularly update the program and to be actively engaged in the program.
- 81. Regularly update the program and to be actively engaged in the program.
- 82. Regularly update the program and to be actively engaged in the program.
- 83. Regularly update the program and to be actively engaged in the program.
- 84. Regularly update the program and to be actively engaged in the program.
- 85. Regularly update the program and to be actively engaged in the program.
- 86. Regularly update the program and to be actively engaged in the program.
- 87. Regularly update the program and to be actively engaged in the program.
- 88. Regularly update the program and to be actively engaged in the program.
- 89. Regularly update the program and to be actively engaged in the program.
- 90. Regularly update the program and to be actively engaged in the program.
- 91. Regularly update the program and to be actively engaged in the program.
- 92. Regularly update the program and to be actively engaged in the program.
- 93. Regularly update the program and to be actively engaged in the program.
- 94. Regularly update the program and to be actively engaged in the program.
- 95. Regularly update the program and to be actively engaged in the program.
- 96. Regularly update the program and to be actively engaged in the program.
- 97. Regularly update the program and to be actively engaged in the program.
- 98. Regularly update the program and to be actively engaged in the program.
- 99. Regularly update the program and to be actively engaged in the program.
- 100. Regularly update the program and to be actively engaged in the program.

Outcome: Both students and parents are able to become active and involved in their own learning and to be actively engaged in the program. The program is designed to be a well-served student environment that prepares students for real-world challenges while ensuring continuous professional development for faculty.

**Type of Monitoring:** In-classroom/individual/ Career advancement/ Choice work specific/ Lab specific/ Self-Determination

Number of faculty members: 127 Faculty per Center

Number of students: 30000 of students per center

Frequency of Meeting: Weekly

The program adopts personal system of education with the students for all-round development with the students and to be actively engaged in the program. The program is designed to be a well-served student environment that prepares students for real-world challenges while ensuring continuous professional development for faculty.

Dear Graduate Member,  
 Congratulations on successfully completing your B. S. in Mechanical Engineering! As you prepare for the next phase of your journey, we want your valuable feedback to assess and enhance the quality of our program. Your responses will remain confidential and will be used solely for academic improvement purposes.

**Section A: General Information**

1. Name (Last, First, Middle): \_\_\_\_\_
2. Roll Number (Optional): \_\_\_\_\_
3. Year of Graduation: \_\_\_\_\_
4. Email (Optional): \_\_\_\_\_
5. Future Plans (Tick all that apply): \_\_\_\_\_

Please highlight the program objectives you found most relevant to your career path in the comments section.

**Section B: Program Educational Objectives (PEOs)**

Please rate how well the program has helped you achieve the following objectives on a scale of 1 to 5, where 1 = Poor and 5 = Excellent.

| PEO   | 1                        | 2                        | 3                        | 4                        | 5                        |
|---|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| 1. Graduate will be able to apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.                             | <input type="checkbox"/> |
| 2. Graduate will be able to identify, formulate, and analyze complex engineering problems which require substantiated solutions using the principles of engineering, basic sciences, and mathematics.             | <input type="checkbox"/> |
| 3. Graduate will be able to design a system, component, or process to meet the specified needs and constraints while considering public health, safety, and the cultural, social, and environmental consequences. | <input type="checkbox"/> |
| 4. Graduate will be able to conduct investigations of complex problems; use research literature and data to analyze and synthesize information; and identify, formulate, and solve problems.                      | <input type="checkbox"/> |
| 5. Graduate will be able to communicate technical information effectively in written and oral form.   | <input type="checkbox"/> |
| 6. Graduate will be able to work effectively on teams to accomplish a common goal.  | <input type="checkbox"/> |
| 7. Graduate will be able to understand and apply professional ethics and responsibilities.  | <input type="checkbox"/> |
| 8. Graduate will be able to engage in lifelong learning.  | <input type="checkbox"/> |

**Section C: Program Outcomes (POs)**

| PO  | 1                        | 2                        | 3                        | 4                        | 5                        |
|---|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| 1. Apply engineering knowledge to design a system, component, or process to meet the specified needs and constraints while considering public health, safety, and the cultural, social, and environmental consequences. | <input type="checkbox"/> |
| 2. Identify, formulate, and analyze complex engineering problems which require substantiated solutions using the principles of engineering, basic sciences, and mathematics.  | <input type="checkbox"/> |
| 3. Design a system, component, or process to meet the specified needs and constraints while considering public health, safety, and the cultural, social, and environmental consequences.                                | <input type="checkbox"/> |
| 4. Conduct investigations of complex problems; use research literature and data to analyze and synthesize information; and identify, formulate, and solve problems.   | <input type="checkbox"/> |
| 5. Communicate technical information effectively in written and oral form.  | <input type="checkbox"/> |
| 6. Work effectively on teams to accomplish a common goal.   | <input type="checkbox"/> |
| 7. Understand and apply professional ethics and responsibilities.   | <input type="checkbox"/> |
| 8. Engage in lifelong learning.   | <input type="checkbox"/> |

**Section D: Program Specific Outcomes (PSOs)**

| PSO   | 1                        | 2                        | 3                        | 4                        | 5                        |
|---|--------------------------|--------------------------|--------------------------|--------------------------|--------------------------|
| 1. Graduate will be able to apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems. | <input type="checkbox"/> |

(Revised to BPUT, Odisha, Approved by AICTE, Accredited by MAEC)

**Alumni Feedback Form for Assessment of Program Outcomes (POs), Program Specific Outcomes (PSOs) and Program Educational Objectives (PEOs)**

Dear Alumni/maam,  
We highly value your feedback as it helps us identify and improve the quality of our academic programs. Kindly take a few minutes to fill out this form to evaluate the Program Outcomes (POs) and Program Specific Outcomes (PSOs) you have achieved during your study at OTM Autonomous College, Bhubaneswar. Your responses will be used confidentially and used only for academic improvement.

Name: \_\_\_\_\_  
 Roll No. (For Identification): \_\_\_\_\_  
 Program Studied (B.Tech./M.Tech./MBA etc.): \_\_\_\_\_  
 Current Organization & Designation: \_\_\_\_\_  
 Email ID: \_\_\_\_\_  
 Contact Number: \_\_\_\_\_

**Assessment of Program Outcomes (POs)**

Please rate the following Program Outcomes (POs) based on your experience at OTM Autonomous College, Bhubaneswar using the scale below:

(1 - Excellent, 4 - Very Good, 3 - Good, 2 - Satisfactory, 1 - Needs Improvement)

| Sl. No. | Program Outcome (PO)   | Rating (1 to 5) |
|---------|--|-----------------|
| 1.      | Expanding Knowledge Application of mathematics, science, and engineering fundamentals to solve complex problems.                                   |                 |
| 2.      | Problem Analysis: Ability to identify, formulate, and analyze engineering problems.  |                 |
| 3.      | Design Development of Solutions: Ability to design solutions for complex engineering problems that meet societal and environmental considerations. |                 |
| 4.      | Codeded Knowledge of Computer Graphics: Use of research-based knowledge and evidence to analyze and interpret data.                                |                 |
| 5.      | Modern Tools Usage: Ability to use modern engineering softwares for complex engineering activities.  |                 |
| 6.      | The Engineer and Society: Application of knowledge to society, societal needs, safety, legal, and cultural issues related to engineering.          |                 |
| 7.      | Environment and Sustainability: Understanding the impact of engineering solutions in global and sustainable context.                               |                 |
| 8.      | Ethics: Application of ethical principles and commitment to professional ethics and responsibilities.  |                 |
| 9.      | Individual and Team Work: Ability to function effectively as an individual and in diverse teams.   |                 |
| 10.     | Communication: Ability to communicate effectively in professional and social contexts.   |                 |
| 11.     | Project Management and Finance: Identification of a project and financial aspects and their application in engineering projects.                   |                 |
| 12.     | Lifelong Learning: Recognition of the need to continue the ability to engage in independent and lifelong learning.                                 |                 |

**Assessment of Program Specific Outcomes (PSOs)**

Please rate the following Program Specific Outcomes (PSOs) based on your experience at OTM Autonomous College, Bhubaneswar using the scale below:

(1 - Excellent, 4 - Very Good, 3 - Good, 2 - Satisfactory, 1 - Needs Improvement)

| Sl. No. | Program Specific Outcome (PSO) | Rating (1 to 5) |
|---------|--------------------------------|-----------------|
| 1.      |                                |                 |
| 2.      |                                |                 |
| 3.      |                                |                 |

**Assessment of Program Educational Objectives (PEOs)**

Please rate the following Program Educational Objectives (PEOs) based on your experience at OTM Autonomous College, Bhubaneswar using the scale below:

(1 - Excellent, 4 - Very Good, 3 - Good, 2 - Satisfactory, 1 - Needs Improvement)

| Sl. No. | Program Educational Objective (PEO)  | Rating (1 to 5) |
|---------|--|-----------------|
| 1.      | Core Knowledge: Graduates will have a strong foundation in mathematics, science, and engineering principles to solve modern engineering problems.  |                 |
| 2.      | Professional Skills: Graduates will possess technical and managerial skills in analysis, design, and implementation of solutions in industrial and interdisciplinary engineering contexts. |                 |
| 3.      | Adaptability & Lifelong Learning: Graduates will engage in continuous learning and adapt to evolving technologies through regular professional development and certifications.             |                 |
| 4.      | Ethical and Social Responsibility: Graduates will uphold ethical values and practice responsibility in society and environmental sustainability.   |                 |
| 5.      | Leadership & Teamwork: Graduates will demonstrate leadership, teamwork, and effective communication skills in professional and social settings.  |                 |

**Additional Feedback**

1. How has your education at OTM Autonomous College, Bhubaneswar contributed to your professional growth?
2. What improvements could you suggest to the institution to better prepare future graduates?
3. Would you be willing to contribute to graduate monitoring, or industry collaboration? (Yes/No)
4. Any other suggestions/comments.

Thank you for your valuable feedback! Your insights will help us enhance and improve the learning experience for future students.

 Assessment of Program Outcomes (POs) \_\_\_\_\_  
 Assessment of Program-Specific Outcomes (PSOs) \_\_\_\_\_

Please tick the following Program Outcomes (POs) based on your experience with our graduates, using the scale below:

(1 - Feedback, 4 - Very Good, 5 - Good, 2 - Satisfactory, 3 - Needs Improvement)

| Sl. No. | Program Outcome (PO)  | Rating (1 to 5) |
|---------|---|-----------------|
| 1.      | Engineering Knowledge: Application of mathematics, science, and engineering fundamentals to solve complex problems.                               |                 |
| 2.      | Problem analysis: Ability to identify, formulate, and analyze engineering problems.   |                 |
| 3.      | Design Development of Solution: Ability to design solutions for complex engineering problems that meet societal and environmental considerations. |                 |
| 4.      | Graduate Investigations of Complex Problems: Use of research-based knowledge and methods to analyze and interpret data.                           |                 |
| 5.      | Modern Tool Usage: Ability to use modern engineering and IT tools for complex engineering activities.   |                 |
| 6.      | The Engineer and Society: Application of knowledge to assess societal, health, safety, legal, and cultural issues relevant to engineering.        |                 |
| 7.      | Environment and Sustainability: Understanding the impact of engineering solutions in a global and sustainable context.                            |                 |
| 8.      | Ethics: Application of ethical principles and commitment to professional ethics and responsibilities.   |                 |
| 9.      | Individual and Team Work: Ability to function effectively as an individual and in diverse teams.  |                 |
| 10.     | Communication: Ability to communicate effectively in professional and social contexts.  |                 |
| 11.     | Project Management and Finance: Understanding of management and financial principles and their application in engineering projects.               |                 |
| 12.     | Lifelong Learning: Acquisitive of the newest and the ability to engage in independent and lifelong learning.                                      |                 |

Assessment of Program Specific Outcomes (PSOs)

Please tick the following Program-Specific Outcomes (PSOs) based on your experience with our graduates, using the scale below:

(1 - Feedback, 4 - Very Good, 5 - Good, 2 - Satisfactory, 3 - Needs Improvement)

| Sl. No. | Program-Specific Outcomes (PSOs) | Rating (1 to 5) |
|---------|----------------------------------|-----------------|
| 1.      |                                  |                 |
| 2.      |                                  |                 |
| 3.      |                                  |                 |

Additional feedback

1. How well do our graduates meet your requirements in terms of technical and employment skills?
2. What improvements would you suggest in our curriculum to better align with industry requirements?
3. Was it possible to interact in collaborating with us to gain lecture, seminars, or industry projects? (Yes/No)
4. Any other suggestions/comments.

Thank you for your valuable feedback! Your insights will help us enhance and improve the learning experience for future graduates.

Monthly Feedback Form for Assessment of Program Outcomes (POs) and Program-Specific Outcomes (PSOs)

Dear Parent/Guardian,

We invite feedback in writing and reporting the quality of our students' progress. We'd like to hear what you think as students in the Program, Bachelor's Degree, and Program-Specific Outcomes (PSOs) of our students. Your responses will be kept confidential and used only for purposes of assessment.

Student Name: \_\_\_\_\_  
Date of Birth (Mo, Day, Year): \_\_\_\_\_  
Parent/Guardian Name: \_\_\_\_\_  
Contact Number: \_\_\_\_\_  
Email ID: \_\_\_\_\_

**Assessment of Program Outcomes (POs)**

Please rate the following Program Outcomes (POs) based on your observations of your child's academic and professional growth at DIT Deemed-to-be University. (Use 1 - Needs Improvement)

(1 - Needs Improvement, 2 - Satisfactory, 3 - Good, 4 - Very Good, 5 - Excellent)

| SL No. | Program Outcome (PO)   | Rating (1 to 5) |
|--------|--|-----------------|
| 1.     | Engineering Knowledge: Application of mathematics, sciences, and engineering knowledge to solve complex problems.  |                 |
| 2.     | Problem Analysis: Ability to identify, formulate, and analyze engineering problems.  |                 |
| 3.     | Design/Development of Solution: Ability to design solutions to complex engineering problems that meet specified and environmental requirements.                          |                 |
| 4.     | Conduct Investigations of Complex Problems: Use of investigative knowledge and methods to analyze and interpret data.  |                 |
| 5.     | Modern Tool Usage: Ability to use modern engineering and IT tools for complex engineering solutions.   |                 |
| 6.     | The Engineer and Society: Application of knowledge to assess societal, cultural, legal, and ethical issues relevant to engineering practice and sustainable development. |                 |
| 7.     | Environment and Sustainability: Understanding the impact of engineering solutions in a global and sustainable context.   |                 |
| 8.     | Ethics: Application of ethical principles and commitment to professional ethics and standards.   |                 |
| 9.     | Individual and Team Work: Ability to function effectively as an individual and in a team setting.  |                 |
| 10.    | Communication: Ability to communicate effectively in professional and social contexts.   |                 |
| 11.    | Project Management and Finance: Understanding of management and financial principles and their application in engineering practice.                                      |                 |
| 12.    | Life-long Learning: Recognition of the need for and the ability to engage in independent and lifelong learning.  |                 |

**Assessment of Program Specific Outcomes (PSOs)**

Please rate the following Program Specific Outcomes (PSOs) based on your observations of your child's academic and professional growth at DIT Deemed-to-be University. (Use 1 - Needs Improvement)

(1 - Needs Improvement, 2 - Satisfactory, 3 - Good, 4 - Very Good, 5 - Excellent)

| SL No. | Program Specific Outcome (PSO) | Rating (1 to 5) |
|--------|--------------------------------|-----------------|
| 1.     |                                |                 |
| 2.     |                                |                 |
| 3.     |                                |                 |

**Additional Feedback**

1. How do you perceive the quality of our students' progress in your child's personal and professional development?
2. What suggestions would you suggest to us as a teacher to better prepare students for their careers?
3. How do you perceive the participation and knowledge of your child in extracurricular activities?
4. Any other suggestions/comments.

Thank you for your valuable feedback. Your insights will help us improve the learning experiences for our students.

DIT Deemed-to-be University

**Self-Learning**

- Library facility available inside working hours
- Received video lectures of ETL and related university systems through IPTEL and Coursera. Videos are added in the systems of our department.
- Students are encouraged to study from IISOCs system such as IPTEL, Coursera, Coursemx etc.
- If a student completes 20 credits from the selected computer courses then IPTEL courses during the four year studies, he will be awarded B. Tech. with Merit or First class.
- Currently, if a student completes 10 credits from the selected subjects in any other stream of engineering (except from IPTEL) courses during his four year studies, he will be awarded B. Tech. with Merit or First class.
- Students are encouraged to attend the seminars and conferences.
- Learning and exploring research projects related to the subjects based on students' interest has been greatly encouraged.
- Assigning to students work through project training.
- Adopting a strategy to utilize every opportunity through various connections available.
- Participation in activities through Professional bodies and RMO cell.
- Availability of the centralized computer facility with internet access beyond class working hours.

The above facilities have resulted the overall development of our students which is seen with respect to improved placements, University work, participation and increase in both scholarly and non-scholarly activities.

**Career Guidance**

- Career guidance received from regional institutions will respect to higher studies, campus placements, industry immersion with respect to training / internship placements to periodically communicated to the students. Details are listed and also details are displayed in department and placement notice boards in addition to
- Conducting of intensive through webinars.
- Conducting a year with respect to higher studies and students are encouraged to attend in GATE, GRE, GMAT etc. by giving their permission and encouragement.
- BEC courses are available with Digital Content.
- BEC courses are available for the last 11 years.
- UGC courses are available for the last 11 years.
- UGC courses are available for the last 11 years.
- To include students taking courses Quantitative Aptitude and Reasoning are impacted to the students from the beginning of the semester.
- To focus programming with placement courses Java, Python, C, etc are imparted to the students from the beginning of the semester.

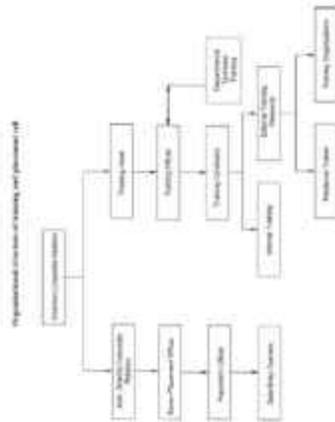

**Training**

The Training and Placement Department of the Institute provides all the facilities to the students for career guidance, training, placement and empowerment. The Department has also conducted several group discussion and group problem-solving activities for the students. The Training Department organizes various sessions for providing professional and practical training to the students. The Placement Department works in close co-operation with various companies and industries and connects them to the students. The organizational chart of the department is given below with the responsibility of the departmental officers given. The Training is imparted to the students in three levels and also to effective training process the methodology used after students is increasing constantly year after year.

- Pre-placement training is provided in the early stage itself by making aptitude as a separate subject in the First-Semester.
- With respect to specific training, a well-qualified outside agency is selected and training is imparted over a period of 30 hours covering the core subjects such as aptitude, ability, reasoning ability, verbal ability, group discussions, personal interview, resume writing, general aptitude test, soft skills, behavioral skills, company selection, company specific training, career test and other students.

**Placement Activities**

- We have established Placement cell which involves the employment opportunities and campus placements to the final year students.
- We also have MOUs with various companies to placement.
- Our Campus recruitment program starts by the beginning of the Pre-Final semester.
- The On-Campus recruitment program is held over the last week of First Half semester.
- We have all campus placements through a free website (placement.com)
- The effectiveness of the Training program is verified by the feedback collected from staff and every student and the use of process improvement in the placement needs.

**Infrastructure of Training & Placement Cell of DIT**

| SLM No | Room No.                 | Area        | Other Facilities                               | Remarks   |
|--------|--------------------------|-------------|--|---|
| 1      | Placement Room - 1       | 200 Sq. Ft. | A/C, G.D. Mattress Chair                       | Used for conducting OCPs and for Group Discussion/Placement Drive |
| 2      | Placement Room - 2       | 70 Sq. Ft.  | A/C, G.D. Mattress Chair                       | Used for conducting OCPs and for Group Discussion/Placement Drive |

| 6   | Lead/Trainer            | Coordinate with other persons, provide support, manage program   |
| 7   | Trainer/Supervisor      | Handle all types of incidents, recruit, manage or recruit other team members, manage program                       |
| 8   | Lead/Trainer/Supervisor | Handle all types of incidents, recruit, manage or recruit other team members, manage program                       |

The Director, Corporate Relations, Training and Placement Department oversees two individual units within the program. He is responsible for managing the operations and training of the students. The Training and Placement Department oversees the training of the students. The Training and Placement Department oversees the training of the students. The Training and Placement Department oversees the training of the students.

EDP is a EPC Center, an enterprise responsibility center established in 2015, is sponsored by the newly established DITU, Anshan University College. (Beaumont), the largest and highest-ranked university in the state of Idaho. It plans to achieve DITU, Anshan University College (Beaumont) International

and faculty members and industry leaders' participation in a continuous cycle to work in tandem with the center.

The objectives of the Center are:

1. To create an enterprise social culture into the needs of young engineering students.
2. To conduct Enterprise Responsibility Assessment Camps (ERAC), Enterprise Responsibility Development Program (ERDP), Faculty Development Program (FDP) and Social Development Program (SDP).
3. To assist the students to build a start-up of their own in the form of Product Development, Market Discovery and Team in Action Project, Preparation of Project Report, and distribution regarding Technical Feasibility Report.
4. To provide Consulting and Research Support.

One of the leading achievement features was conducting Enterprise Responsibility Assessment Camps for every student starting from 1st year to 4th year in order to build an enterprise responsibility as a culture in all areas possible across the globe. The Center also helps the students coming employment to build a spirit of innovation and entrepreneurship along with an innovation and entrepreneurship in their job market.

**MISSION:**

To increase a student and a parent income in the field of engineering of computer for job creation entrepreneurs from among the graduates engineers through entrepreneurial education, training, research and institution building.

**VALUES:**

1. Entrepreneurship is a vital tool for business and social growth of society.
2. Entrepreneurship education, training and counseling can train the entrepreneurs in entrepreneurship.
3. Entrepreneurship encourages youth to meet innovation and challenges that bring in national stability of economic and social stability.
4. Entrepreneurship is a vehicle for the growth of national economic growth.
5. The nation can be placed on a high growth trajectory, indicating its economic growth potential through an entrepreneurship culture.

10 GOVERNANCE, INSTITUTIONAL SUPPORT AND FINANCIAL RESOURCES (120)

16.1 Organisations, Governance and Transparency (25)

Total Marks 120.00

Total Marks 25.00

#### Vision of Institute

To have promptly through technological advancement by providing scientific, innovative, and substantial research and to engage in a globally recognized premier technical education.

#### Mission of the Institute

- To impart high quality professional education to present and future working members, fostering innovation, technological advancement, scientific, effective communication skills, and strong moral values.
- To provide a broad-based education that enables the holistic development of students.
- To emerge as leader in science, technology, and management to deliver superior education training in teaching, learning, and research projects.
- To ensure a state of transparency and innovation among students.
- To undertake pioneering research and offer consultancy services in selected industrial, academic, and other relevant domains.
- To provide quality products such as consultancy services, technical training, and educational programs to industrial clients.

#### 10.1.2 Sustainability of the Institutional Strategic Plan and its Effective Implementation and Monitoring (5)

### Strategic Goals and Objectives

#### Year 1: Strengthening Academic Framework

- Addresses Outcome Based Education (OBE) aligned with IABE requirements.
- Enhance faculty members' research and teaching skills through various programs including MOOCs, L1 and L2.
- Establish a Faculty Development Program (FDP) to train faculty members.
- Implementation of NPQ 2020.

#### Year 2: Research and Innovation Enhancement

- Institute research funding and collaborations with reputed institutions.
- Establish a Centre of Excellence in areas like Renewable Energy, AI & ML.
- Encourage faculty and students to publish in high-impact journals.
- Strengthen industrial projects (IP) and patent filing support.

#### Year 3: Industry-Academia Collaboration

- Develop industry-relevant labs and collaborative projects.
- Establish mentorship and placement links with leading industries.
- Initiate a startup incubation program with seed funding.
- Organize tech fests, hackathons, and international conferences.
- Establish a Centre of Excellence in all departments.

#### Year 4: Infrastructure and Digital Transformation

- Develop smart classrooms with blended teaching tools.
- Upgrade research and innovation labs with advanced equipment.
- Initiate a virtual Learning Management System (LMS) for hybrid learning.
- Enhance campus sustainability with green initiatives and renewable energy sources.

#### Year 5: Institutional Growth and Global Outreach

- Pursue global collaborations with top universities and research organizations.
- Obtain international accreditations like AACSB and ISO 9001.
- Expand international programs and student support systems.
- Attract students from diverse international geographical backgrounds.
- Achieve recognition by University ranks.

### Implementation Strategies

- Develop a shared understanding plan with all stakeholders and faculties.
- Assign responsibilities and timelines for each strategic objective.
- Provide faculty and staff with training and resources for effective execution.
- Conduct regular progress reviews and adjust strategies as needed.
- Secure necessary funding through government grants and industry partnerships.

#### Monitoring and Evaluation

- Establish a Strategic Plan Implementation Committee for regular progress tracking.
- Conduct annual reviews and stakeholder feedback sessions.
- Align key performance indicators (KPIs) with institutional and tracking frameworks.
- Utilize benchmarking with top institutions to assess performance against peers.
- Publish an annual strategic progress report for transparency and accountability.

#### M.1.3 Governing body, administrative setup, functions of various bodies, service rules, procedures, recruitment and promotion policies (10)

**Board of Studies**

Members: The Board of Studies will meet at least once a year.

Functions: The Board of Studies is a Committee of the college staff.

- prepare syllabi for various courses keeping in view the objectives of the college, interest of the stakeholders and national requirement for consultation and approval of the Academic Council.
- support methodologies for innovative teaching and evaluation techniques.
- suggest panel of names to the Academic Council for appointment of lecturers.
- and coordinate research, teaching, extension and other academic activities in the department/college.

**DEPARTMENT OF CEE**

| S/N | NAME                        | AFFILIATION                         | POSITION                 |

| 10  | Dr. S. K. Swain | Ph.D. from Dept. of EEE | Member (Academic) |

**Finance Committee**

Members: The Finance Committee will meet at least once a year.

Functions of the Finance Committee:

The Finance Committee will act as an advisory body to the Governing Body/Institution.

- Monitor expenditure against the approved budget.
- Advise on the financial health of the institution.

|   |                    |   |          |
|---|--------------------|---|----------|
| 1 | Dr. N. S. Nair     | Principal, Sri Chaitanya's College (Autonomous)           | Chairman |
| 2 | Dr. M. Ramesh      | Dean Administration (Autonomous Governing Body)           | Member   |
| 3 | Dr. Prayaga Anu    | HOD-CE (Autonomous) P. T. College, Kuvempu University     | Member   |
| 4 | Dr. S. S. Srinivas | Principal, Sri Chaitanya's College (Autonomous)           | Member   |
| 5 | Dr. M. S. Srinivas | Associate Professor, Sri Chaitanya's College (Autonomous) | Member   |

**Internal Advisory Committee**

The function of the committee is to advise the institution and its management through the Principal regarding the academic programs to be implemented in the institution. It also monitors the implementation of the institution's policies and ensures that the institution is working in accordance with the provisions of the institution. The committee members are appointed by the governing body for a period of three years.

**Internal Governance**

The internal governance structure of the institution is designed to ensure the effective implementation of the institution's policies and procedures. The internal governance structure includes the governing body, the internal advisory committee, and the internal audit committee.

| Sl. No. | Name                  | Designation          | Position |
|---------|-----------------------|----------------------|----------|
| 1       | Prof. Dr. S. Srinivas | Principal            | Chairman |
| 2       | Prof. Dr. S. Srinivas | Dean, Academic       | Member   |
| 3       | Prof. Dr. S. Srinivas | Dean, Administration | Member   |
| 4       | Prof. Dr. S. Srinivas | HOD-CE               | Member   |
| 5       | Prof. Dr. S. Srinivas | HOD-CE               | Member   |
| 6       | Prof. Dr. S. Srinivas | HOD-CE               | Member   |

**Committees and Sub-committees:**  
 The Dean Administration takes the responsibility for the day-to-day activities of the institution. The Governing Body of the institution has authorized the Principal to approve an amount of Rs. 100,000 per year. The amount is spent for the overall management and maintenance of the institution. In addition, all the HODs of the institution are authorized to spend an amount of Rs. 10,000 per month for the overall management and maintenance of the institution. The HODs of each departmental propose the amount for their departmental expenditure. The amount budgeted for each department is commensurate with the size of the department. The Governing Body approves the budget for the institution. The budget is prepared by the Management Committee of the institution. The budget is approved by the Management Committee of the institution. The amount spent for the overall management and maintenance of the institution is reported to the Governing Body of the institution. The amount spent for the overall management and maintenance of the institution is reported to the Governing Body of the institution. The amount spent for the overall management and maintenance of the institution is reported to the Governing Body of the institution.

**Statutory Bodies:**

| S.N. | NAME                   | COMPOSITION                  | RESPONSIBILITIES   |
|------|------------------------|------------------------------|--|
| 1    | Prof. D.V.M. K. Reddy  | Principal                    | Overall management of Academic and Administrative affairs  |
| 2    | Prof. D.V. K. K. Reddy | Dean Academic & Examinations | Finalize Curriculum, Exam, Coordinate, The Mid-Examination, etc.   |
| 3    | Prof. D.V. K. K. Reddy | Dean S.W                     | Disciplinary Committee, Ethical Committee, Cultural Committee, Student & Staff Welfare, Internal Committee, Grievance Cell |
| 4    | Prof. D.V. K. K. Reddy | Dean R&D                     | Research Activities, Internal, External R&D Cell   |
| 5    | Prof. D.V. K. K. Reddy | Dean Admin.                  | Budget Committee, Finance Committee, Training & Placement Cell, HR Department, Grievance Redressal Cell                    |

16.3.1 Necessary budget allocation (2)

The budget is prepared by the principal department as per their recommendations submitted to the budget committee of the institution for consideration. The HODs are informed of the budget and are requested to provide for budget for salary of both teaching and non-teaching staff members, also a provision for other expenses on the budget. The work is submitted before the Governing Body for approval. As the budget is prepared by the departments, it is subject to the budget allocation to meet the necessary expenditure is adequate.

Include Marks: 100

16.3.2 Utilization of allocated funds (5)

The HODs are responsible for utilization of the funds allocated to their departments, HODs prepare their plans for purchase, maintenance and activities and monitor the execution of the plan. The HODs submit the report on the utilization of funds to the budget committee. The work is submitted before the Governing Body for approval. As the budget is prepared by the departments, it is subject to the budget allocation to meet the necessary expenditure is adequate.

Include Marks: 500

16.3.3 Availability of the vehicle computers as the vehicle's update (5)

The work of the vehicle is carried out by a designated official according to the plan and the vehicle is updated as the vehicle's update (5)

Include Marks: 500

16.3 Program Specific Budget Allocation, Utilization (2)

Total Marks: 200

Total income allocated for CFTS (19) CFTS & CFTS  
 CFTS (General Fundal Vols)  
 CFTS (1) - General Fundal (various)  
 CFTS (2) - General Fundal (various 2)  
 CFTS (3) - General Fundal (various 3)

16.1.1 Adequacy of budget allocations (10)

The budget is prepared by the principal investigator and is submitted to the budget committee of the institution for approval. The CFTS department offers a wide range of services for budget for safety of both teaching and learning staff members. After thorough discussion in the budget committee a decision is taken regarding the budget for the next academic year. The budget is prepared by the principal investigator and is submitted to the budget committee of the institution for approval. The CFTS department offers a wide range of services for budget for safety of both teaching and learning staff members. After thorough discussion in the budget committee a decision is taken regarding the budget for the next academic year.

Periodic Marks: 10.00

16.1.2 Utilization of allocated funds (10)

The HOD is responsible for utilization of the funds allocated in the department. HODs prepare the plan for utilization and submit for approval of the plan. The Principal monitors the fund utilization every month in HODs meeting. The HODs are advised to submit the budget for the next academic year in time.

Periodic Marks: 10.00

16.1.3 Library and internet (10)

Total Marks: 20.00

The utilization of various learning resources, including experiential, is crucial in enhancing the quality of education, promoting self-directed learning, and increasing accessibility.

### 1. Accessibility & Inclusivity

- Course materials and resources are accessible to diverse learning needs and abilities.
- They support diverse learning styles and preferences.

### 2. Enhanced Teaching & Learning

- Digital tools such as interactive modules, simulations, and immersive content make learning engaging and effective.
- Multimedia content supports diverse learning styles—visual, auditory, and kinesthetic.
- AI-driven platforms like ChatGPT, Khan AI, and others assist in personalized learning and social interaction.

### 3. Cost-Effectiveness & Sustainability

- Many resources are open access, reducing the cost of educational materials.
- Digital content can be reused and updated, contributing to environmental sustainability.

### 4. Real-time Updates & Global Knowledge

- Unlike traditional textbooks, digital resources can be updated frequently, ensuring learners access the latest information.
- Online courses, articles, and MOOCs provide access to global knowledge and expertise.

### 5. Skill Development & Research Enhancement

- Platforms like Coursera and FutureLearn help students gain industry-relevant skills.
- Electronic research platforms (e.g., IEEE Xplore, Springer and Elsevier) and e-journals enhance research efforts.

### 6. Assessment & Feedback

- Learning Management Systems (LMS) like Moodle, Canvas, and Blackboard enable deep tracking of student progress.
- Electronic assessment platforms (e.g., EdEx, Turnitin, Blackboard) provide instant feedback, improving learning outcomes.

### Accessibility of Learning Resources to Students:

Ensuring that learning resources, including experiential, are accessible to all students is crucial for equitable education. The students are getting benefited from the learning resources in the following ways:

#### 1. Anytime, Anywhere Learning

- Students can access resources, video lectures, and digital books anytime and anywhere, allowing them to learn beyond classroom hours.
- Mobile-friendly platforms and cloud-based services ensure flexibility for students who may not have internet access.

#### 2. Inclusive Education

- Assistive technologies such as screen readers, subtitles, and captioned videos help students with disabilities.
- Multilingual resources enable students from diverse linguistic backgrounds to understand concepts better.

#### 3. Cost-Effective Learning

- Open-source textbooks, MOOCs, and YouTube, edX, and MIT OpenCourseWare provide free educational resources.
- Digital books decrease the need to carry physical books, saving students money and reducing environmental impact.

#### 4. Personalized & Self-Paced Learning

- Assessment-based personalized recommendations based on a student's learning progress.
- Interactive platforms like Coursera, FutureLearn, and others allow students to learn at their own pace.

#### 5. Bridging the Digital Divide

- We ensure that the students have access to devices and internet connectivity.
- Digital literacy programs can help students effectively navigate and utilize online resources.

#### 6. Institutional Support for Accessibility

- We provide LMS features that support diverse accessibility features.
- Faculty training on digital resource utilization can ensure that they are using the resources effectively.

### Supporting Students for Self-Learning Activities:

Encouraging self-learning is essential for fostering independent thinking, critical analysis, and lifelong learning skills among students. We support students in their self-learning journey in the following ways:

#### 1. Providing Access to Diverse Learning Resources

- Electronic & Digital Resources: Platforms like IEEE, IEEE Xplore, and Springer Open provide students with digital books, articles, and journals.
- Open Educational Resources (OER): Free content is available for MOOCs. Courses, webinars, and articles are hosted for students.
- Multilingual Learning: Video lectures, articles, and interactive modules are available in multiple languages.

#### 2. Implementing Learning Management Systems (LMS)

- LMS platforms help students access course materials, assignments, and assessment feedback.
- Adaptive learning technologies recommend learning paths based on students' progress.

#### 3. Encouraging Research & Project-Based Learning

- Research Support: We offer guidance on research papers, writing research papers, and providing feedback.
- Innovation Labs & Incubators: We provide opportunities for students to engage in real-world projects, coding competitions, and data analysis.

#### 4. Faculty Mentorship & Peer Learning

- Mentorship Programs: Faculty guidance helps students navigate complex topics and projects.
- Discussion Forums: Online forums and peer study groups create collaborative learning environments.

#### 5. Digital Literacy & Self-Learning Skills Development

- Guiding workshops on digital tools, search strategies, and critical evaluation of online sources.
- Training modules on time management, goal setting, and self-assessment techniques.

#### 6. Assessment & Recognition of Self-Learning

- Students are encouraged to showcase self-learning projects through portfolios, competitions, and academic credits.
- Certificates are provided for self-directed learning efforts, online courses, digital badges, or achievements.

Library Profile

The Library of the Indian Institute of Technology (IIT) Kharagpur, established in 2004, is a well-developed self-organized research center with a large faculty, students, and staff. The library is well-equipped with a vast collection of books, journals, and electronic resources. It also provides a wide range of services, including research support, digital resources, and social interaction. The library also provides a wide range of services, including research support, digital resources, and social interaction.

academic needs and research objectives. The Library at IITD is fully subscribe with eJournals, e-books, e-learning, e-reading, e-creating, e-collaboration, e-consultation, e-education, and e-entertainment services for efficient management.

| Sl. No. | Particulars   | Quantity     |
|---------|---|--------------|
| 1       | Computer  | 20000        |
| 2       | Reading Room  | 10000 sq.ft. |
| 3       | Reading Room strength                                   | 500          |
| 4       | Staffs of eJournals (E-books including IITD's e-books)  | 10000        |
| 5       | Staffs of e-books (e-journals including IITD's e-books) | 10000        |
| 6       | Staffs of e-articles                                    | 10000        |
| 7       | Staffs of e-reports                                     | 10000        |
| 8       | Staffs of e-journals                                    | 10000        |
| 9       | Staffs of e-magazines                                   | 10000        |
| 10      | Staffs of e-newspapers                                  | 10000        |

**Library Services**

1. Reference Services
2. Book Sale or Lending Library Service
3. Curatorial Services (Self-Checkout Project for Reference)
4. Outreach/Support Facilities for Faculty & Students
5. e-Library Tools, Projects & Social Reading Facilities
6. e-Resources Management
7. Library Orientation Programme
8. Career Guidance & Counseling for students

**Library Best Practices**

1. IITD's Automation or Digitization through LIBSYS
2. Multi-CD/DVD (Self-Checkout Project)
3. Display of New Arrivals
4. Research Facilities
5. Best Library Staff awards

**Library Future Plans**

1. Implementation of RFID Journals
2. Developing Union Information Centre for Career Development
3. Expanding Programmes in Online Information Literacy

TABLE 1: LIBRARY USE

| Sl. No. | Particular   | Description             |
|---------|--|-------------------------|
| 1       | Hours of the internet provider   | 24/7/365                |
| 2       | Proactive bandwidth  | 1000 Mbps               |
| 3       | WiFi availability  | Yes, whole campus       |
| 4       | Internet access in labs, classrooms, library and other of all types of all | Yes                     |
| 5       | Content security measures  | Yes, Firewall protected |
| 6       | Internet Speed   | Very Good               |
| 7       | Availability of internet in individual lab                                 | Yes                     |
| 8       | Availability of e-reading materials  | Yes                     |
| 9       | Availability of e-journals and other e-books                               | Yes                     |
| 10      | Availability of e-articles   | Yes                     |
| 11      | Availability of e-reports  | Yes                     |
| 12      | Availability of e-magazines  | Yes                     |
| 13      | Availability of e-newspapers   | Yes                     |

Engineering Graduates will be able to:

1. **Engineering knowledge:** apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.
2. **Problem analysis:** identify, formulate, review complex (multidisciplinary) engineering problems (including conceptual design) using the principles of mathematics, physical sciences, and engineering solution.
3. **Design/development of solutions:** design solutions for complex engineering problems and design systems, components or processes that meet the specified needs with appropriate consideration for the public health, safety, and the well-being, and environmental considerations.
4. **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
5. **Modern tool usage:** Choose, apply and update appropriate technology, resources and modern engineering software tools including prediction and modeling to complex engineering activities with an understanding of the limitations.
6. **The engineer and society:** Apply appropriate technical, economic, and social engineering skills to complex engineering activities with an understanding of the limitations.
7. **Environment and sustainability:** Understand the impact of the professional engineering solutions in societal and environmental contexts, and approximate the knowledge of, and need for, sustainable development.
8. **Ethics:** Apply ethical principles and conduct to professional roles and responsibilities and norms of the engineering profession.
9. **Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.
10. **Communication:** Communicate effectively in complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. **Project management and finance:** Demonstrate knowledge and understanding of the engineering and management principles and apply these to one or more of a team to manage projects and/or multi-disciplinary activities.
12. **Lifelong learning:** Recognize the need for, and have the preparation and ability to engage in independent and lifelong learning in the broadest context of technological change.

(ii) **PERSONAL SPECIFIC OUTCOMES (PSOs):**  
 Program shall specify 0-4 program specific outcomes.

|       |   |
|-------|---|
| PSO1: | Apply the skills to understand the working of the control system and design of the control system for the industrial process, including the design of the control system. |
| PSO2: | Understand the working of the control system and design of the control system for the industrial process, including the design of the control system.                     |
| PSO3: | Understand the working of the control system and design of the control system for the industrial process, including the design of the control system.                     |

### Declaration

This field of the institution needs to make a declaration as per the format given.

- I/We declare that the institution is well aware about the provisions in the AICTE, Government of India, regarding the accreditation of the institution and the institution is fully aware of the provisions of the AICTE, Government of India, regarding the accreditation of the institution.
- I/We understand and agree that an appropriate disciplinary action against the institution will be initiated by the AICTE, Government of India, if the institution is found to be in violation of the provisions of the AICTE, Government of India, regarding the accreditation of the institution.

Head of the Institute  
 Name: Dr. Hemanta Kumar Baid  
 Designation: Director  
 Signature:   
 Seal of the Institution:
